GENERAL NEWS.

[BY TELEGRAPH TO THE OREGONIAN]

Admiral Paulding Dying

NEW YORK Oct. 15—Admiral Paulding is very low at his Long Island residence He is not expected to live more than a few hours

Jay Gould's Work.

NEW YORK, Oct 15—The announcement on the stock exchange of the failure of Hoar & Co caused quite a flurry among bankers and brokers. It is said that the cause of the failure was due to the fact that Jay Gould gave Hoar & Co an order to buy $1 000 000 in gold and that firm bought the same on their own account. The statement was also made that Hoar & Co were long of $1 000 000 gold, and "short" of 9 000 shares of stock

Stock Exchange Demoralized.

The Evening Post says Since the announcement of the failure of Hoar & Co 10 9 0 shares of different stocks have been sold out under rule, and $1 125 000 in gold sold out under rule While the above purchases strengthened the market the main effect has been to add to the demoralization which has existed at the stock exchange for several days

A Reverend Murderer.

NEW HAVEN, Oct. 15—In the case of Rev H Hayden charged with the murder of Mary Stannard, the grand jury after two days investigation, found a true bill of murder in the first degree

Democrats and the Iowa Elections

DAVENPORT, Ia., Oct 16—Chairman Dunn of the Democratic congressional committee has decided not to call a convention to nominate a candidate for the November election, being advised to this effect by prominent men of the state. The legality of the November election will be referred to congress

The Tilden Inquiry.

CHICAGO, Oct. 15.—Assistant U S Attorney Green of New York began taking testimony to day regarding Hon S J Tilden's connection with railroad matters in the west, and his income thereby derived Commissioner Hayne presided at the inquiry Officers of the C & N W R R were examined but they threw no light on the matter of interest. Most of their books which the commission desired were destroyed in the great fire, and the remainder were at the service of the commission which finally adjourned to meet at the Northwestern office to morrow.

Off Again.

[illegible], Va., Oct 15—The president [illegible] arrived here this morning

A Negro Insurrection.

[illegible] Oct. 15—A courier who arrived at Waterproof, La., this evening reports that 500 armed negroes surrounded Waterproof to-day and threatened to burn and sack the town. It is supposed they burned J Ser[illegible] place on lake St. John, four miles below Waterproof. A call for armed assistance was made on Natchez, and 100 men will leave here on a ferry boat to aid the whites at Waterproof if needed.

The October Election.

[illegible], Oct. 16.—The Republican state committee to-night unanimously decided that the October election was valid and that any election held in November will be illegal and void. Numerous lawyers of eminence discussed the constitutional points involved very [illegible] the above result

WASHINGTON CITY.

The Cotton Crop.

WASHINGTON, Oct. 16—Cotton crop returns indicate a yield of five million bales

Hayes Explains His Letter

WASHINGTON, Oct 15—There is no truth in the statements variously made that the president has decided or is about to decide to change his southern policy The principal basis for the statement is supposed to be a letter written by Attorney General Devens, which will shortly be sent to the district attorneys of Alabama, Louisiana and South Carolina, directing them to enforce the U S election laws. This letter was written after evidence had been laid before the president which clearly proved that under existing circumstances no fair election could be held in those states. There was ample proof that this was the case, before the president and the cabinet and upon this, letters to the district attorneys were based.

The president regards the enforcement of these laws as having no political aspect whatever. It is only the national government performing the duty required of it. If a similar condition of affairs should arise in New York or any other state as exists in South Carolina, Louisiana and Alabama, the U S attorneys of those states would be directed to see that the election laws are complied with The cabinet session to-day was short, all the members present except Sherman and Key

The United States Government and Roumania.

There has been no formal recognition of Roumania by our government. Dr Timothy [illegible], lately appointed U S consul at Galatz, [illegible] with him the usual diplomatic letters [illegible] to all the consuls, requesting the government to which they may be accredited to [illegible] exequatur authorizing them to ex[illegible] the powers appertaining to the office It is this letter referred to in a telegram from Bucharest as a letter from President Hayes recognizing the independence of Roumania

What Mitchell Thinks about the Cipher Dispatches

NEW YORK Oct 16—A Washington special says that Senator Mitchell of Oregon was interviewed yesterday in relation to the Tribune cipher dispatches He says that he has no idea how the Tribune obtained the dispatches as they were ordered boxed and returned to the Western Union telegraph company He says that leaving the dispatches relating to the southern states aside if the senate had sustained him in compelling the cashier of the Third National bank to produce Tilden's bank account he believes he could have shown disbursements of between one and two millions from Tilden's private account

The Fraudulent Claimants

WASHINGTON Oct 16—A nolle pros was to day entered in cases against Roderick R Butler [illegible] Bowers Wiley Edwards Henry Waters, Albert Metcalfe Geo H Purdy and R B Matchell charged with conspiracy and presenting fraudulent claims

MEXICO.

The Mexican Government after the Indians

CITY OF MEXICO Oct 7—The campaign ordered by the Mexican government against the Lipan and Kickapoo Indians whose border raids were especially annoying to us has ended successfully after much hard work President Diaz has ordered a similar campaign against other troublesome tribes of Sierra De Carmen and Sierra De Los Lecalos Those are the most turbulent Indian tribes and have shown no more respect for Mexican than American property and life

PACIFIC COAST NEWS.

CALIFORNIA.

A Bogus Wheelbarrow Man

SAN FRANCISCO Oct 16—That wheelbarrow tramp that marched up Montgomery street yesterday followed by an admiring crowd proves to have been a monumental fraud He was perpetrated on the community by a certain business firm of the city given to sensational advertising who packed the man and wheelbarrow to the suburbs in a buggy and then started him down town on his travels The hoax came out when the tramp stopped in front of his employers place of business and began haranguing the crowd in the interest of the firm It is said that the bogus wheelbarrowist was the recipient of a number of twenties, pitched into his vehicle by enthused Pine street habitues

The Violet Saved.

The brig Violet run in Mission Bay flats this afternoon and the fire was extinguished

Belleville Burned.

GLASGOW, Oct 15—There is a panic in the iron trade here in consequence of a reported heavy failure and rumors of other suspensions Prices of pig iron were at one time 10 per cent. per ton lower

Surrenders

CONSTANTINOPLE Oct. 16—Gussinje has been surrendered to the Montenegrins, and Vranja to the Servians.

Ameer's Trouble with the British.

LONDON Oct 16.—The Indian Civil and Military Gazette states that the British have made a raid upon Waveting a border village and captured four chiefs who are held as hostages A dispatch from Kassauli states that it is reported that the viceroy will not be content with a simple apology but will require the ameer to come to Peshawaur

Ameer Stirring up the Mohammedans.

BOMBAY Oct 15—The ameer of Afghanistan is endeavoring to raise a religious war among the Mohammedans of Central Asia against England

Ministerial Changes.

Vienna newspapers announce that Count Van Beust Austrian ambassador at London is to be transferred to Paris, and will be succeeded at London by Count Karolyi present Austro Hungarian ambassador at Berlin It is considered probable that Count Wimpfen, Austro-Hungarian ambassador at Paris will go to Berlin

Bismarck's Nephew Commits Suicide.

LONDON Oct 15—A dispatch from Venice says that Count Von Bismarck, nephew of the German chancellor committed suicide at Venice yesterday by shooting himself with a revolver The act was caused by physical suffering

That Troublesome Bill.

BERLIN Oct 15—The reichstag to-day rejected paragraph 16 of the Socialist bill authorizing expulsion of agitators from towns The rejection was the consequence of a difference between National Liberals and Conservatives the latter endeavoring to introduce amendments increasing the stringency of the paragraph

Blowing Out its Brains

[From the New York Times]

More suicides are committed in proportion to the population in San Francisco it is said than in any other city in civilization We should think this probable, because San Francisco has more shifting circumstances more fluctuating fortunes than any place that can be named Very few of her people make money in the usual way, or want to Many of them despise steady industry and gradual accumulation The spirit of the community is a gambling one Men are poor to-day, and rich to morrow and poor again And nothing is so prolific a cause of self destruction as sudden loss of property The manner of living and the mode of doing business in San Francisco are anything but wholesome But the town is young; it is intensely and morbidly American. When it has settled down it will be different. Until then it must be allowed like a rapid youth, to blow out its brains when and as often as it wants to.

Conscience, says a very good literary authority, fills a man full of obstacles But it didn't put many obstacles in the way of the officials who have been plundering the state for some years past

THE STATE FAIR.

Eighteenth Annual Exhibition of the Oregon State Agricultural Society.

[illegible]

The parade of horses of a work draft road [illegible] brood mares and colts to day was a sight for the lovers of horse [illegible] remember and admire Among the prominent horses and teams in the ring [illegible] report yesterday we noticed a team of Arabians [illegible] owned by Hiram [illegible] [illegible]

Mr A K Wilcoxson of Monroe Benton county has a team of mares [illegible] side This team is large well formed and of good action and of draft horses are fine specimens

Andrew Willis of Oregon City has a very fine four year old stallion of the Morgan and Messenger stock and Wm Tompkins of —— has a splendid colt of old Lathfinder as good a picture of [illegible] as we have seen in this country

There is a great deal of talk and many long arguments are warmly made by the respective friends of the varied breeds of horses now being urged as best adapted to the wants of this country its climate etc. We are not going to decide this important question [illegible] the friends of the Percherons Clydesdales Henrys Georges [illegible] draft Cleveland Bays Morgans Messenger Hambletonians Lexingtons etc etc would still continue to point with pride to their respective favorites There are however many good judges of equine excellence here who claim that the massive Percherons and Clydesdales are not more profitable in this country than some of the less ponderous strains such as the Henrys [illegible] a numerous family in some parts of Oregon [illegible] descendants of a stallion brought here from Illinois several years ago by Mr Imbrie of Washington county The roan stallion belonging to [illegible] W Ouimby of Portland shown on the ground to-day belongs to this family and is a noble animal having the qualities of a first class roadster while Newby's 4 year old stallion with a large mixture of the Henry blood would certainly be adjudged an excellent sample of draft horse Young King a 4 year old stallion belonging to Jas McCullough of Amity is a mixture of the Henry and Clydesdale and is in no respects infer or in our estimation for service, to the full bloods of the latter The importers of these large horses have done much for the improvement of the farm horses and roadsters of Oregon and deserve the thanks and patronage of the people but some of the American blood mixed with the Norman and Scotch makes a horse apparently good enough for the country

Turning from the parade we wend our way to

THE RACE TRACK,

Which has begun to get a little drier in spots but is still heavy and in many places slippery

The first race called was for two year olds single dash of one mile for a premium of $500 $400 to the 1st and remainder to the 2d and remainder to the 3d The entries were, The Winters [illegible] named by N Coombs Jr Tidal Wave [illegible] by the same Mollie Miller [illegible] by Miller and [illegible] Bashbank [illegible] by J G Basket Mayflower [illegible] M O Lownsdale Lizzie Tilton by N Westfall and Flag Tail [illegible] by —— A bad start was given in the third score but at the half mile the colts were all in a bunch and on the third quarter made a pretty sight it becoming apparent however that the contest was between The Winters and Mollie Miller for the first place They led out from the group by several feet at the end of the third quarter and increased it to yards on the home stretch coming under the wire very nearly at the same time but the sorrel horse winning only by a neck in 1:52 Mollie second

Then was called out the great 3 in [illegible] free for all running for a first premium of $400 and a second of $100 The entries in this race [illegible] piece of jockeying as many people denominate it were as follows

- Miller & Bybee named gr g Rye Straw
- N Coombs Jr named br m Haidee
- N Westfall named gr g Wynooski
- Chris Buckley named [illegible] Frank Hastings
- Joseph Taylor named [illegible] Olo

The pools on this race were large and numerous and the sale of them showed pretty well to an observer that inexperienced hands attempting to touch them might be badly scorched Some who adhere to the hope that a horse which ought under ordinary circumstances to win may fall down or something unforeseen happen to him and some horse selling in the field carry off the stakes bought pools on the field consisting of Haidee Olo and Wynooski while others who believed that the bay stallion Hastings could beat Rye Straw bought pools on Hastings The sales made up to the close of the third heat stood about $50 on Rye Straw $20 on Hastings and $10 on the field When the horses were called for the start both Hastings and Haidee had many friends among the spectators and had it not been evident to all that it had been decided beforehand how the contest should be managed these horses would have found a great many backers.

The race took up the time until 4 to P M and was the occasion of a great many unfriendly remarks towards those who managed it There are no charges against the society or its officers that participated in the conduct complained of but they should not have allowed it in the owners of the horses The public attended to see a contest of the speed and bottom of the horses and were they convinced that it was on the square there would have been no grumbling no matter which horse had won We don't know but Rye Straw can beat the others every time but we do say the crowd present to day were not satisfied that he did it fairly on this occasion It was claimed that the riding of Hastings and Haidee was not strictly honest and other complaints in regard to some of the heats were made The whole affair however will teach outsiders to be careful how they put up money on an Oregon race expecting that on all occasions the fastest horse will win We have no room to describe the various heats nor would such a description be interesting as no very good time was made or wonderful displays of speed shown

The following is the summary of the six heats the horses getting positions at the beginning of the race in the order named

Chris Buckly's b s. Frank Hasting		3 1 1 3 3
Miller & Bybee's gr g Rye Straw		5 5 1 5 1 1
N Westfall's gr g Wynooski		* 4 4 4 4 4
Jos Taylor's [illegible] Olo		* 3 [illegible] 5 0 0
N Coombs Jr br m Haidee		* 2 5 2 [illegible] 2
Time 1 57 1 55¼ 2 0[illegible] 2 [illegible] 2 0		

The time of the sixth heat was not announced when the mail closes

*Dead heat

This closed the races to day and the crowd after occupying the grand stand for nearly five hours dispersed, many of them disclaiming more loud than polite against the morals of the Oregon agricultural boss trot

THE ANNUAL ELECTION

There seems to be a strange apathy among the the members of the State Agricultural Society to day Of two hundred and fifty members only fifty seven of them have voted up to 30 P M The polls will close at [illegible] It is very likely that the absentees will find the most fault in the choice of their officers for the ensuing year Great dissatisfaction has prevailed in the community for several years past in reference to premiums on race horses and on articles in the pavilions under the sheds and in the different halls on the grounds But if members will let the election go by default upon whom ought the blame to rest for mismanagement in the affairs of the society? Some reforms in the affairs of the society are called for by the public

THE PAVILION

Is at length attired in its variegated autumn good dress and the display brought to the grounds and arranged under such difficulties is really quite creditable to the patience, industry and skill of our inhabitants The crowd that sweeps to and fro through the passage ways remind us somewhat of former occasions when the marshal's order pass to the right had to be strictly enforced to prevent the dead lock in the struggling mass of eager sightseers. As the entries all closed at noon on yesterday and the superintendents of the various divisions had the articles mostly placed by 4 o clock we find little to day that is new Committees are busy at work examining articles and making awards and already the red and blue badge is conspicuously attached to many exhibits. The marshals, mindful of their duty have attempted to enforce the rule prohibiting smoking in the pavilion, and one visitor was yesterday ejected with more vehemence than dignity from the south door for refusing to give heed to a gentlemanly reminder in this regard

The flowers entered for the Vick premium are to day exceedingly beautiful Mrs Garrison of Salem received on her collection of cut flowers and floral designs two first premiums Mrs [illegible] Taylor the second and Father Dielman the third Mrs Wm [illegible] display—no however compe[illegible] ing for premium— a variety of [illegible] [illegible]

[illegible] the generosity of [illegible] producing [illegible] in their display [illegible] people [illegible] serving them The Pioneer [illegible] have [illegible] specimen of [illegible] [illegible] from the cemetery of [illegible] to the [illegible] and [illegible] never wear [illegible] its working The floral [illegible] Mr [illegible] DeVore Johnson [illegible] [illegible] made [illegible] are to day [illegible]

The collection of oil paintings exhibited in Mechanics [illegible] Hall [illegible] [illegible] gorgeous [illegible] most sublime regal [illegible] nature's shrine [illegible] subject of [illegible] the paintings [illegible]

The exhibition of [illegible] [illegible] though many of the most [illegible] gaze with [illegible] on the mammoth vegetable luscious fruits and tempting cakes and jellies displayed elsewhere The [illegible] have been here for a week braving the storms and enduring the discomforts of the ground have a look of surfeit or at best of grim endurance with which the eager zest displayed by sun [illegible] visitors forms a striking contrast.

Mrs Duniway lectured according to announcement at the Y M C A hall this afternoon to as many of the restless crowd as could content themselves to be quiet an hour and will speak again to morrow at the same time and place

MISCELLANEOUS

The attendance at Reed's Opera House was much improved on Tuesday evening and the management hope to come out even by the end of the week Uncle Tom's Cabin to night

The restaurants particularly Emerson are doing a large business The hotels are full Matthews of the [illegible] providing for over a hundred in the [illegible]

Warden who runs the chicken hatching machine says people don't know what a good thing is His like other meritorious shows is a lead failure while any humbug will rake in the coin

The society should keep up the good work of strewing sawdust on the walks. If this is assured people will come out and feel satisfied they can move about without getting over boot tops in mud

A good many booths have closed up for the reason that they could not make it pay

The roads to the grounds are in a most horrible condition in consequence of which the train to Salem does a larger business The rates by this route are too high and if season tickets were sold at the rate of 12½ cents per ride it would be greatly preferred all the time

Bourbon Rabies.

The Southern States a Democratic paper published in Okolona Miss in its issue of Sept 25 1878 speaking of the announcement that Robert Lincoln will not be a congressional candidate in Illinois this fall says

That begins to look better It seems that the name of the Lincoln family is losing its power even in the former hot bed of its popularity That is just as it should be It bespeaks a better time, for the white wreath of conciliation will never be twined by southern hands above the altar of the Union while the people of Puritania uphold the memory of Lincoln—a memory that we loathe and abhor as we loathe and abhor the memory of any other tyrant

Chief Clerk's Emoluments

SALEM Oct 16 1878

TO THE EDITOR OF THE OREGONIAN

I notice in your issue of the present inst some charges reflecting upon extravagant sums paid me for work performed as chief clerk of the session of 1876 in relation to which I have simply to say that no such sum was paid me and neither did I get one cent more than was allowed by the house as the certificates on file in the state treasurer's office will show At the last session of the legislature I had the appointment of my own assistants and some of the warrants issued in my favor included sums due them which I paid

Statesmen Not all Dead

[From the Boston Herald (Ind Dem)]

If anybody believes that the statesmen are all dead because Jackson Webster Clay Calhoun and Benton have passed away let them peruse with care the great argument which Mr Schurz presented at Cincinnati for the consideration of the people of the United States and he will be convinced that now as heretofore in the history of the country during times of peril and disaster there still exist those whose clear perceptions can guide aright the wandering footsteps of the people through fog and storm and darkness as they have been guided before

The Republican Party Needed

[From the New York Tribune]

So long as there remains unpaid a single dollar of the war debt while a single copperhead is hissing at the heels of him who helped to save the union by his savings so long as there is a single note of the United States in the pocket of a poor man which a crazy communist wants to rob of all value by unlimited issues of notes so long the Republican party will be needed to uphold the nation's honor and to strike down the torch and bludgeon which Democratic communists will threaten all property

R M T Hunter of Virginia for many years chairman of the senate finance committee has written a long letter to the Louisville Journal on the financial question Its most remarkable feature considering that he is a strong disciple of the old state right school is his belief that the general government has not only the power but should exercise it to the extent of controlling the entire currency of the country He confesses to an entire change of views upon the subject

The London Times in commenting at length on the political prospects in this country says that Senator Thurman's extraordinary conversion to inflation doctrines is painfully illustrative of the degree to which public men in democratic countries become subject to gusts of popular sentiment or passion

They are quoting the Oregon constitution in the constitutional convention of California They could hardly do better than to adopt four fifths of it

OREGON LEGISLATURE.

Tenth Biennial Session

Senate.

AFTERNOON SESSION

SALEM, OCT 1[illegible]

The president announced that he had signed [illegible] 7 H 2 30 56 S J R 3 and 15 J M

Special order was then taken up

H B 130—Portland bridge bill moved to adopt the 1st amendment.

George moved that this amendment be indefinitely postponed He opposed the amendment on the ground that it or any other amendment would jeopardize the bill being added at this late hour He says the bill covers no scheme it simply grants a bare permission to a company to build a bridge and he supports it not on account of any personal interest but because he believes it in the interests of Multnomah county [illegible] dollar of stock taken but the corporators have the names of twenty as good men as there are in Multnomah county [illegible] it was a party measure but he read the names of two influential Democrats on the petition and asks if the senate cannot trust the matter in the hands of these good men [illegible]

Mr Smith thought the mention of the names of two good Democrats had a good deal of saving grace, but hardly enough to counteract [illegible] Republicans

Mr George named those who were Democrats

Mr Smith continued—The persons whose names are on the charter list will probably not have anything to do with the management of this thing but the stockholders will vote it to whose hands it will be put. He has no personal interest in the matter has had no communication with any one and did not get his information from the ferry company. He thinks the bridge will [illegible] the river and injure the [illegible] of lot owners. There are now 8 steamers plying at the wharves between the streets where the bill proposes to locate and a point higher up the river where the bridge ought to terminate and he thinks the bridge at the point specified would interfere with the commerce of the river and it is our bounden duty to protect the commercial interests of the state

Haines thought the [illegible] George's list would be apropos if they were bondholders but of no force merely as charter members He thought George did not confine himself to the question The question is merely whether four or six years be given in which to finish the bridge He thinks from the time required to build the bridge across the Mississippi and other places, it can as easily be done in four as in six years

Myers opposed the postponement of the amendment Thought it very nice for men to come and ask for rights who have long time in which to do the work but he thinks it a bad thing as if they have six years to build it they may not do it and will keep it out of the hands of any one else for that length of time

Bradshaw says any other company may be formed and build a better bridge if they wish to The gentleman from Clackamas does not offer a reasonable objection because it is not granting an exclusive right at all to this company and neither aid nor an exclusive right

Davis says the amendment is in good faith He thinks four years is plenty long time in which to build the bridge He does not think the amendment will kill the bill He is in favor of the bill with the amendment proposed by the committee

George thinks the interests of the [illegible] involved in the question of the amendment as he thinks the adoption of the amendment will kill the bill so it will not get through at this session and it is so much needed He thinks the draw sufficiently wide for the easy passage of boats being as planned twice as wide as the locks at Oregon city

A point of order was raised by Haines that George was not on the question which point was sustained by the chair

George stated that he was aware of this but was talking on the merits of the bill by the consent of the senate

The first amendment was lost

Davis moved that the second amendment be adopted

George moved that it be indefinitely postponed He objected to the amendment because it would introduce an element of contention into the affairs of Multnomah county He thinks the question of toll ought to be in the hands of the state. He says when the two ferry companies worth one hundred and fifty thousand dollars and a bridge company worth hundreds of thousands combine if county commissioners could be likely to be elected who were not in the interest of such a mighty monopoly He thinks it necessary and proper that the state reserve the right to regulate the tolls

Smith thinks too much work is already put upon the legislature he thinks the bridge company will soon kill out the two ferry companies and become the greatest monopoly ever granted in this state

Myers thinks if a little ferry company worth $10 000 controls this legislature, as the member from Multnomah seems to think how much more will the great bridge company do it when it shall have united with the ferry company It will be creating a source of dissension in the legislature and making more work for it when it is impossible to do all that ought to be done now The poor farmers of the county can have a voice in the election of county judges and commissioners but they cannot come here and influence the legislature

Bradshaw says the question is whether the county court shall regulate the tolls or the state do it or the corporation We do not take away the franchise from the ferry company in the least we only propose to make another way whereby the people can cross the river We do nothing to crush them out, people can cross on either If the bridge company ask more than the ferry people will still go by the ferry Where then is your monopoly Monopoly that is always the cry when a subject of merit comes up

George says he did not say the ferry company represented only $10 000 but that they are receiving interest on $150 000 and that is not the insignificant sum used in Myers argument the postponement of the amendment was lost the second amendment was adopted and the bill put upon its passage now.

Smith offered an amendment to strike out Morrison street and insert Jefferson He argued in favor of this street as being the most suitable place for the bridge and prophesied it would be better in the future for Portland to have it there

George thinks that gentlemen who represent millions of money there, are as well able to judge of what is good for the place as any one

Smith thought these moneyed gentlemen were the many, and the few who own property on the river front were the few, and the many were like Artemus Ward in the time of the war who was willing that all his wife's male relations should be killed because it was nothing to him

Palmer moved the previous question the amendment was lost by a vote of 21 yeas to 5 nays bill put on its passage and passed by a vote of 25 yeas and 1 nay Smith voting nay

Watt moved that when the senate adjourn it adjourn to meet at 7 30 this evening carried

Palmer introduced S C R 11—Whereas H N Mosby has written a book on the resources of Oregon, &c., that the thanks of this body be tendered the gentleman for the service rendered carried

H B 78—The house has passed H B 78 concerning the election of school directors read first time

H C R 15—Concerning the duties of district attorneys with regard to school matters referred to committee on education

H B 65—Bill to regulate duties of school directors in the purchase of books &c rules suspended and bill read a second time and put on its passage now bill passed by a vote of 24 yeas 1 nay Hoss voting nay

H. B 75—To regulate school matters

H. B. 97—For support of the university

H. B [illegible]2—Relating to the apportionment of school fund.

H. C R 16—To meet on Wednesday at 2 in joint convention to appoint pilot commission referred to special committee of three

Senate adjourned

EVENING SESSION

The committee of conference on H C R [illegible] were Bradshaw Davis [illegible] and Applegate

Cochran moved that the senate recede from the first amendment of H B 119 carried

Myers moved that the senate take up S B [illegible] an act to provide for the election of supreme and circuit judges in distinct classes carried The bill was passed by a vote of 22 yeas 7 nays Applegate Cochran, Davis, Smith Waldo and Watt voting nay

Watt asked unanimous consent to call up S B 111 relating to the agricultural college granted Three amendments offered by Watt were adopted An amendment by George was adopted Rules suspended and the bill put upon its passage bill passed by a vote of yeas 25 nays [illegible] Appers and Applegate Bilyeu, Brown and Fulton voting nay

Fulton asked that S B 123 relating to the salary of county treasurers be now considered He offered an amendment which was adopted

Thompson offered two amendments which were adopted.

The rules were then suspended and the bill put upon its passage passed by unanimous vote

George moved that the committee on ways and means be authorized to compute the outstanding interest against the state and if necessary employ an expert to do the same

Watt—S J R [illegible] for the adjudication of certain outstanding taxes the resolution was adopted

Pending the question on the amendment the senate took a recess

House.

AFTERNOON SESSION

SALEM, Oct 11

H B 1[illegible]—The omnibus railroad bill considered in committee of the whole and referred to committee on internal improvements with amendments

H B 1[illegible]—Relief of Tillamook county referred to judiciary committee

Moved to suspend rules change order of business and proceed to third reading of bills carried

Snider [illegible]—that no member speak more than once, nor more than five minutes objected to

H B 1[illegible]9 To provide for completion of capitol building

The effect of the senate amendments is to raise the appropriation to $30 000 or about that and to provide for janitor and watchman

Townsend moved to concur

Thompson said the matter had been fully discussed the amount was fixed by the house and he believed that it would adhere to the first action

Johnson said he was of committee on public improvements and said architects had since explained the need of cementing the walls and they had since learned the condition of the soldiers bounty fund and that containing the necessary means they should vote for the amendment of the senate

Evarts said the committee on deaf mute school has concluded to appropriate $10 000 for a building fund but this would take the means intended for that purpose

Townsend said he had opposed the bill at first but was satisfied now that it was economy for the state to cement the walls when the scaffolding was up

Purdin said the amendment only complied with his judgment expressed at the passage of the bill

Amendment concurred in—51 yeas

THIRD READING OF BILLS

H B 97—For support of state university appropriates $2 500 annually read third time

Evarts thought it could not need an annual appropriation

Dorris showed financial condition of the university about $50,000 of the fund was unproductive, and when straightened out the $2 500 would not be necessary The bill only provides that this amount shall be used in case of deficiency bill passed yeas 41 nays 15

H B 52—In relation to apportionment of school fund by county superintendent

Purdin said at present time while there are funds enough for large districts to have six to nine months school sparse districts cannot afford to have two months school The irreducible fund had to be divided according to the population but it laid with the legislature to use the proceeds of the three mill tax as it thought best The bill provided for schools in the smaller districts (The bill divides one third of the three mill tax equally among all the districts of the county)

Bewley favored the bill and asked information wished to slightly amend

Chandler liked the bill as it stood and the bill passed yeas 49 nays 7

H B [illegible]—Provides for purchase of books of reference and apparatus by school directors bill passed yeas 51 nays 1

H B [illegible]—Amending common school law as to duties of directors

Dorris explained that the effect of the bill is simply when directors find the sum at command is not sufficient directors can appropriate it to different quarters instead of using it all the first quarter and so on and assess a rate upon school are to correspond bill passed yeas 5[illegible] nays 1

H. B 78—Election of school directors and conduct of district elections

Bewley said the object of the bill was to change time of holding annual meeting for the benefit of outside districts.

Purdin said it was better in the country to have school meetings the 1st of March instead of April when the farmers were all at work

Townsend said the bill was not necessary because farmers will all attend if duly notified there was an intention to levy a tax

Hughes said he favored the bill as it would suit the farmers better and give them a month sooner to prepare for opening of school in the spring

Bill passed—yeas 55 nays [illegible]

Galloway from the ways and means committee asked suspension of rules to allow the general appropriation bill to be introduced and read first time and also to permit committee to investigate accounts of state printer to report carried

H B 18[illegible]—The general appropriation bill—was read

Galloway then presented report of committee to investigate state printing for the past two years.

Galloway moved the adoption of the report

Hughes moved that all the testimony and findings be read and Galloway answered that the clerk could not read it in three hours He went on to describe the manner in which the investigation was conducted

Thompson moved that 500 copies of the report and documents be printed for use of the assembly

Hughes inquired if the full committee was in attendance and Galloway replied that he regretted that Judge Haley's name (of the Senate) was not to the report They organized, and afterwards Mr Haley said go ahead and make findings but he could not attend and would not sign the report or make a minority report

Thompson said it appeared that the same system of overcharges had existed since 18[illegible] and he wished this report printed so that the house could act as far as was necessary

Hughes did not wish to screen anybody The state paid great sums for printing and it was a heavy tax He moved to refer to the standing committees of the two houses with leave to report at any time

Gates thought we needed information and then said he thought the house could not read all the matters reported to the committee He urged that the matter be referred

Ramsby said that not many hours ago a gentleman on the Democratic side intimated that the Republicans had a cat in the meal tub and this looked like something of this kind He was afraid there was a Republican in it and he wanted to spot him He feared that if referred it would not be heard of again

Thompson urged publication of the documents, Galloway said he understood himself thoroughly when he signed the report and could substantiate all its statements

Dorris said let it come and let it come quick Loyalty to party is one thing and loyalty to principle another While he commended the erring to God he proposed to hold them amenable to law,

Hughes wished to set himself right wished the investigation perfected, and perhaps two men were as good as a dozen to investigate.

The motion to refer was lost by 55 to 2. The house has no disposition to whitewash or humbug about charges of frauds

Gates moved to divide the motion to adopt and to print Motion to adopt carried unanimously If any member was opposed he didn't care to say so

Motion to print was also unanimous and when the house is unanimous and in earnest it sounds well

Evarts—H J R 17 that the prosecuting attorney of the 3d judicial district be instructed to prosecute etc etc intended to apply to the case of the late state printer and provide for recovery of the sums overcharged as above, passed unanimously

Gates moved joint resolution for a joint convention to be held Wednesday to elect officers as provided by law

H B [illegible]—To amend law relating to collection of school district taxes

Reeves explained bill that it saved expense to taxpayers caused by inadvertence of existing law bill passed yeas [illegible] nays 1

H B [illegible]—To provide for county teachers institutes [illegible] This matter called out a discussion in which [illegible] county directors in the country [illegible] such as the jackies law [illegible] county directors in the house [illegible] and was so eloquent that the laugh was raised [illegible] Teaching teachers he thought was a [illegible] humbug

Lord said teaching was reduced to a science [illegible] with Grant's position

Gall[illegible] with a hard [illegible] He had been [illegible] had ever derived any [illegible] quoted [illegible] county

[illegible] too much to have to [illegible] members [illegible] the jackies law [illegible] that [illegible] the house

Dorris made an argument to show that [illegible]

Green favored [illegible] contract [illegible] directors [illegible] strike out was lost [illegible] Hughes hoped the bill would be [illegible] taxpayers [illegible]

H B [illegible]—[illegible] extend [illegible]

Evarts [illegible] if the bill was a good one [illegible] appeal for the decision of the government

Gates favored the bill showed its object and thought it was just and necessary

In order to test the sense of the house Evarts moved to strike out [illegible] years and [illegible] bill passed—yeas [illegible] nays 1

House adjourned to 7 30

EVENING SESSION

[illegible] READING OF BILLS

H B 1[illegible]—Relating to locks commission read third time and failed to pass

H B 1[illegible] As to duty of canal commission and for regulation of canal and locks providing for one commissioner instead of three passed unanimously

Committee of conference on H B 119 made a report favoring concurrence in the second amendment by the house and in the amendment by the senate [illegible] report adopted

H B [illegible] In relation to redemption of land sold for taxes

Stearns explained this bill and the operation of law in case persons who buy tax titles leave the country that the money is payable to the sheriff

The bill passed [illegible] to 1

H B [illegible]—As to filing of notices on actions affecting title of real property passed [illegible] to 1[illegible]

H B [illegible] to cure deeds defective and deeds made heretofore by executors and administrators passed 41 to [illegible]

H B 68 that persons engaged in logging whose [illegible] is not on any road can have a road viewed and located for their use

[illegible] said logging camps were stopped in his county for want of such protection as this bill gave The road is only called for for a limited time He spoke of a man who charged loggers a dollar a thousand for hauling over his land

Evarts explained that the law is constitutional bill passed unanimously

H B 3[illegible] relating to pilotage and towage on the Columbia river

A lengthy discussion arose on the proposition to allow all vessels to pass in and out without taking a pilot or paying half pilotage It was claimed that it injured our commerce and all our industries that are connected with the coasting trade such as the lumber trade Dr [illegible] made a lengthy speech from this standpoint

Cole said some owners of coasters would not let the [illegible] come in without a pilot such as Robert Hume If they go to sea a pilot they do not need a tug [illegible] to go free [illegible] they always have one or the other [illegible] members were mistaken in their ideas Vessels are not obliged to take a tug [illegible] The question is if it is necessary to have a tug [illegible] and if it necessary to have pilot He approved the amendment which was lost the bill passed 40 to [illegible]

House adjourned to 9 30 to morrow

House.

SALEM Oct 1[illegible]

House met at 9 30 A M

Speaker announced that he had signed bills 25 45 H B 71 [illegible] 13 28

Committee on enrolled bills made their report H [illegible] to fix time of holding circuit courts substitute for H B 1[illegible] was reported from committee Evarts chairman and read first time which was read second time [illegible] the rules and ordered to be printed

H B 7[illegible]—Amending an act to create Lake county changing boundaries [illegible] on motion of Broback was taken from the regular order and read third time

Johnson of Grant county spoke against the bill as it took away a portion of that county and added it to Lake county He objected that the legislature has no right to impose extra [illegible] duties upon Judge [illegible] Also that there is a natural mountain line that should divide [illegible] two counties When the Malheur reservation is done away with a new county will be created, to which the two valleys now proposed to be taken from Grant county should belong when that new county is organized They have moved their county seat of Lake county within six miles of Grant county and now want part of Grant county to serve as an anchor to keep it there

Broback said the people of the valley cannot get to the county seat of Grant county a great part of the year and this bill is more to the advantage of them to that [illegible] county

Evarts explained that he was on the committee that these counties were only [illegible] miles from the county seat of Lake county and [illegible] miles from Canyon City He read a petition from citizens of Warner and Coleman valleys Grant county asking for a change on account of distance from Canyon City county seat of Grant county and impassable mountains that [illegible] the year so that the [illegible] communications [illegible] while they are not [illegible] miles from the county seat of Lake county which is also the location of the government land office

Green said he had friends in the valleys who had written to him to aid in detaching them from Grant county and in attaching them to Lake

The bill passed—51 to 4

Townsend moved to suspend rules and take up H [illegible] 5—amending laws in relation to state land [illegible] those swamp land claimants who have not complied with the law etc etc

Gates opposed the motion as there were other bills of equal importance that were ahead of it and there was a great waste of time in calling the roll to suspend the rules

The house concluded to attend to the swamp land grabbers and the rules were suspended

A debate occurred on suggestions to amend involving the question of electing and listing the lands

A member said there were not in opinion a million acres of swamp lands in the state things were sometimes six deep he was well acquainted with the state lands and thought he was correct

Reed favored an amendment that restricted the fees an officer was to receive for selecting lands it was too indefinite and if a man could locate two million acres he could make $60 000 in two years

Stearns thought a $1 500 salary was better than to grant three cents an acre to a locating agent

Townsend thought it had already cost the state $50 000 or $60,000 for locating lands thought that to put a surveyor or commissioner in the field at $1500 a year would amount to nothing as it will not compel the commissioner to get the lands approved while by the bill the commissioner will have to get the lands approved before he can get his three cents an acre and then the state knows what it has got and can dispose of it If he makes $3 000 by it the state is not a loser

Reed thought the gentleman misapprehended the nature of the proposed amendment

Broback favored the amendment

Purdin favored $1 000 a year to commissioner

Evarts thought limiting salary was no encouragement to a man to locate more lands than enough to cover his salary

Bradley wanted to know how long it would take the state at that rate to get the lands located

Gates thought it would take about twenty five years If we are in earnest we must provide enough to pay for locating and approving the swamp land locations and it ought to be completed within two years

The amendment to provide $1,000 per annum salary was withdrawn and Stewart offered another to pay the commissioner [illegible] a day for locating [illegible] granted the state by the government

Acton thought $5 a day was reasonable

Evarts thought a man could occupy half an hour a day and charge for a day and a salaried officer was better

Galloway thought $1 50 was proper It has cost heretofore 40 cents an acre to locate lands

Thompson showed that at $4 per diem the commissioner will receive $1 460 salary especially as the legislature of Oregon sets the example of including Sundays in its forty days

Grant thought hiring a commissioner by the acre is the better policy as when working by the day he won't show energy He illustrated a farm story that cannot be well repeated as it depended on its delivery for effect but quite amused the house

Purdin believed the governor will appoint a man who will do his duty, or if he does not do it will certainly remove him

Dorris approved all the amendments, thought the members did not understand the subject The location was a small part. The surveyor will have to put a corps of men in the field at his own expense and will afterwards have to procure the approval of the government to the locations which is the most important He suggested that two cents per acre would be sufficient

Reed argued for the salary [illegible] that the governor would not appoint a man who would not do good service [illegible] read a note [illegible] from the [illegible] claiming that it would require a year to make the selections on $1500 salary [illegible] it a pretty good bill

Green thought there was too much tinkering and wanted to [illegible] put and kept the speaker waiting with the question half put while he expressed this opinion

Motion to pay [illegible] cents an acre was lost

Four dollars a day was lost

One thousand [illegible] salary being under consideration Stearns moved [illegible] by offering $2 000 a year [illegible] selections of [illegible] 100 acres [illegible] enough [illegible] locate annually [illegible]

Tyson thought it was [illegible] to have the lands located at 3 cents an acre [illegible]

Amendment to pay [illegible] salary was adopted

[illegible] as amended [illegible] Rickey [illegible] Hughes John [illegible] Absent Hamilton, Hewitt

S B [illegible]—Providing for a special [illegible] court It was moved by [illegible] to suspend rules and take the bill from its regular order carried

[illegible] are to be elected respectively [illegible] the term of [illegible] elected in each judicial district [illegible] general election [illegible] thereafter

A message from the governor announced the signing of [illegible] bill

[illegible] were further suspended and S B [illegible] was read a second time by title

On motion of Galloway [illegible] rules and [illegible] passage

Evarts believed there were defects in the bill and moved its reference to the judiciary

Stearns said it had been carefully considered by the judiciary committee of the senate and was considered perfect

Starkweather wished to amend to restrict the judge from receiving any allowance above $3 000 salary which was adopted

Evarts thought we could not legislate judges out of office [illegible]

Stearns said it was necessary at some time to make a change and [illegible] have the circuit judges act as supreme judges [illegible] have a separate supreme court created

Motion to refer to judiciary was lost motion to suspend prevailed and the bill was read a third time

Grant read the constitution that required 200 000 population before we can have a separate supreme court and wanted to know where this number of people were to be found

He rose as the question was to be put and repeated this request for information

Galloway said about a year ago he showed a vote of [illegible] 000 and had increased since so that we could calculate safely that the population was here

Thompson said he thought the state had 150 000 to 200 000

Campbell said he proposed to stick to the constitution which says when the state has 200 000 people it may have a supreme court and does not say we shall not have one before

Roll call proceeded and Starkweather explained his no vote as he was in doubt as to being able to legislate judges out of office and he wasn't satisfied as to the 200 000 population

Mr Speaker also explained his vote no He was satisfied by the constitution that the legislature can provide for the election of a supreme court but not for the [illegible] one The bill passed [illegible] to [illegible] adjourned

The Attempt to Buy the Florida Vote.

[New York Spec al Oct 7]

The *Tribune* reviewing its cipher telegrams this morning, comments thus The true history of the contest for electoral votes of Florida is told for the first time in the cipher dispatches of the Democratic managers in that state to and from Gramercy Park New York The translations of these dispa ches show that the confidential agents of Tilden in that state were Manton Marble C W Woolley and John F Coyle that these agents went to Tallahassee with pre arranged ciphers for communication with the rest house of Tilden that they first labored by lawful means to secure for him the votes of the state, and failed therein because the official returns gave a majority for Hayes cipher dispatches regarding the bribery of a member of the canvassing board here passed between Tilden's residence and his confid e t agents in Tallahassee One proposition was $200,000 for a member was held to be because another dispatch from a d ffer agent promised a cheaper bargain Then both agents separate propositions were set up separate ciphers to buy a member for $50,000. The reply from Gramercy Park was Proposition accepted, if done only at once and the two agents were separately ordered to consult with each other in haste It does clearly appear that the goods would have been delivered but the scheme fell through because four words were dropped from the di patch authorizing the purchase, thus making it unintelligible after some delay repeated fr m Gramercy Park in a full and intelligible form arrived too late and the visiting was reported to Gramercy Park

THE PLUMMER FRUIT DRIER.

How shall I make a fortune Why if you are a farmer and have an orchard get hold of one of the

CELEBRATED PLUMMER FRUIT DRIERS

and your fortune is assured Just think of it in primitive New England days the frugal housewives and their thrifty daughters used to buy nearly all the family groceries by peeling apples by hand and drying them around the kitchen stove or in the sun A very slow and tedious process to be sure but still it was done But presto change! See what human ingenuity has devised The Plummer Fruit Drier is to the fruit drying process what the sewing machine is to the household sewing, what the gang plow is to the ranch what the spinning jenny is to the mill It is the great labor saving machine the great money making invention to the fruit raiser

WHAT IS THE PLUMMER FRUIT DRIER

Briefly it is a large well contrived construction capable of holding some fifteen or more frames or trays together with so many square yards of galvanized wire cloth on which to spread the fruit This frame may be set in the orchard or any other accessible or convenient place and it can be operated by a couple of boys or girls, and is guaranteed to dry from one and a half to two bushels of apples per hour Just for a moment stop and compute the worth of such a machine in a household We are not speaking now of its *full* advantages We refer simply to its

CAPACITY FOR MONEY MAKING

It is a fact that over three hundred of these driers are now in successful operation in the state of Oregon and Washington territory The parties using them are drying from $300 to $1,200 worth of fruit each year, and using only the regular force of labor in the family at odd times or in stormy weather Is not this a source of revenue worth looking after? Besides this the fruit dried by this process by these same people has been

AWARDED THE GOLD MEDAL FOR EXCELLENCE

By the Oregon State Agricultural Society The flavor, color and condition of the fruit is unsurpassed It has been a crying sin and shame that so much delicious fruit has gone to waste Heretofore there has not been facilities for getting it to market and it has been left to decay upon the ground What a waste Now it can all be made a source of revenue

THE CHILDREN CAN BE SET TO WORK

And thus two great ends may be conserved at the same time namely the fruit can be made to yield a handsome income, while the children are learning the grand wholesome lesson of thrift, industry and economy We repeat it Every farmer who has fruit should by all means have one of these incomparable Fruit Driers And it is to be remembered that there are

NONE SO GOOD IN ALL RESPECTS

As the Plummer It has received the most flattering credentials from all parts of the country It would take a solid column to enumerate the different well known names whose credentials stand for the Plummer Fruit Drier We have omitted to state that there are different sized driers The Factory Drier is much larger and is capable of drying six bushels of fruit per hour It requires four hands to work this machine These machines are peculiarly adapted to the preserving of Potatoes by the Plummer Process They have already a world wide celebrity Green Corn Beans Tomatoes and, in fact all sorts of vegetables and fruits can be successfully treated by this same process

FULL INSTRUCTIONS ARE GIVEN

And those who visit the Fair should by all means examine these Driers for themselves The most polite and courteous attention is paid to all and the genial consideration given to all inquiries makes it a delight to ask questions Everybody should make it a point to see the celebrated Plummer Fruit Drier Every fruit raiser should study his own interest by purchasing one of them The investment would prove as rich as the Bodie and far more permanent —*S F Bulletin*

The flattering testimonials to the operating and work done by the *Plummer Fruit Drier* continue to pour in upon the inventor No other machine compares with it in *cheapness* and the *effectiveness* in which it works The eighty cases of fruit recently sent to the great *Paris Exposition*, the telegraph announces was awarded the *Paris Medal* This, together with the great *Centennial Medal*, that was awarded at Philadelphia in 1876 and the *Gold Medals* of the State of *Oregon* in 1876 and 1877, only shows the appreciation of this *great invention* by the public at large *For economy it has no equal* Oregon has such a number of these Driers in operation that she is enabled to export a staple article of dried fruit unsurpassed by any in the world, thereby creating a demand that is continually increasing in importance The fine flavor which the fruits of this region contain is all preserved by this process, making them equal to fresh fruit, destroying the toughness common to dried fruits, and impervious to all insect life, making it perfectly safe for the merchant to invest at all seasons of the year without fear of having it destroyed by vermin Fruit dried by the *Plummer process* may be kept for years and yet retain all its nutriment and nourishing qualities, and will become a great source of revenue to any state where it may be introduced Everything that is preserved by it is *absolutely pure* as no chemicals are used in the curing of *Fruit*, *Fish*, *Meats* or *Vegetables*

The Driers have all been manufactured up to this time in Oregon under the supervision of *the inventor*, and every machine properly set, and purchasers fully instructed in its operation and in the preparing and packing of fruits I ask the fruit growers of Oregon to investigate this process, and although all other Fruit Driers have been partial failures financially, this one has proven itself a grand success in three hundred and fifty distinct trials. Do not let this year's crop pass without a full investigation of its merits, and then purchase before you lose another season so valuable to yourself and family. Address,

W. S. PLUMMER, E. Portland, Ogn.

CALIFORNIA ROOT TEA

The Reliable Cure for Chronic Complaints of Liver and Kidneys

THE ONLY THOROUGH BLOOD CLEANSER The most pleasing grateful and satisfactory Strengthening Balsam known constantly effecting surprising cures of wasting or debilitating diseases and complaints arising from weak or impure blood, feeble circulation or impaired digestion when all modes of treatment fail It is of great benefit in threatened or actual consumption and heart disease owing to its peculiar and great influence on the circulation For the ills and weaknesses of women it is Nature's most suitable and reliable remedy

LIVER--KIDNEYS.

Its regulating and strengthening action on these organs is different to and more desirable than that of any article heretofore in use for indigestion biliousness etc as a tonic anti malarial etc it is unequaled while in chronic complaints it gives relief when all other remedies fail and is frankly acknowledged to be the *only* cure for many chronic complaints of a complicated nature

CATARRH.

The success of the CALIFORNIA ROOT TEA in curing Catarrh is proverbial and surprises many who do not understand the nature of this terrible disease which in most cases can be permanently cured only through the blood by a thorough course of this vegetable remedy conceded to be the only thorough and permanent blood cleanser known, a course of it completely eradicating for all time the most virulent types of blood and skin diseases rheumatism etc All who use it leading druggists and physicians gladly attest its great sterling worth

Sold in its true vegetable form in packets at $1, each packet makes a quart of rich balsam of which the dose is two spoons three times daily, making its cost much less than other medicines. Make like tea or put in wine etc pleasant to take when nicely sweetened Sold by druggists and country merchants N. B.—Until further notice it will be sent by express or mail to any address or receipt of Express or Postoffice order, one packet $1 or six for $5 00

DR. PAUL M. BRENAN.

His Wonderful Success

IN THE TREATMENT OF ALL

Chronic and Difficult Diseases,

He has astonished the People of this Coast by his skillful Operations.

HE HAS TAUGHT IN HIS

public and private lectures the true principles of health and life to both male and female He has al o warned them against habits that would be likely to produce disease in plain and comprehensive language But where he has found them crushed and broken down by disease mentally and physically he has restored them to health and happiness for it is well understood that without health there can be no happiness.

DR BRENAN

has made a specialty in the treatment of the following diseases Catarrh Bronchitis, and all diseases of the throat and chest, by an entirely new system only known to himself Diseases of the Kidneys and Urinary Organs including Spermatorrhea Seminal Weakness or premature loss of Manhood In the treatment of these diseases he has made a world wide reputation by his astonishing success not only on this Coast but throughout the whole United States. Diseases of the stomach bowels liver and kidneys as well as all diseases of the blood and skin He has become master of and never fails to give relief at once and permanently cures the case if he is applied to in time

THE DOCTOR HAS GIVEN SPECIAL LECTURES

to ladies only for years and is perfectly familiar with all female complaints and understands their delicate and refine organization, as well as the proper remedies which should be used to allay their suffering and restore them to perfect health

THE DOCTOR HAS THIS ADVANTAGE

over most physicians—he can tell the patients disease the moment he comes in contact with them without any aid from the individual This accounts in part for his great professional success.

All surgical operations can be performed by his skillful hand and the patient need not fear the result.

DR. BRENAN

will send to those living at a distance and who cannot well visit his office a list of Printed Questions and by the answers when filled out he can tell the disease as well as the proper treatment almost as well as seeing the patient personally and will forward the proper medicines or instruments to any part of the country with full instructions and advice Each letter requiring advice or list of questions must contain two postage stamps

Everything strictly confidential and honorable

THE DOCTOR

has studied in the best Medical Schools in Europe and three years in the Jefferson Medical College at Philadelphia as more than one of the Medical men of the Medical Faculty in this State can testify

CAUTION.

Persons coming to Portland requiring medical treatment of the proper kind, who desire to consult with me will please beware of persons who may try to coax them away to other so called Doctors through pretended friendship for the patients Look out for them they are knaves prompted by selfish motives and what they can make Be sure and ask for DR PAUL M BRENAN the *Medical Lecturer* and read his sign on his door

THE LEGISLATURE

The limit of the usual legislative session is approaching It s not likely that it will be prolonged beyond the present week We believe no assembly has yet sat beyond the forty days since members are anxious to go home and are not disposed to sit merely for honor and without pay In spite of all warnings from all sources the assembly has on this occasion proceeded a good deal as formerly that is, it has consumed time in the early part of the session and huddled the business together for the last few days f it when there is little opportunity for the deliberation necessary to decide quest ons on their merits This proceeding is however to a great degree unavoidable Most of the members come to the business without much experience in it They are anxious to do right but at first don t know who to follow and have a natural and very proper fear of going wrong Hence it takes some time to accustom them to their work and much of the session wears away before they get fairly to business Then there is always a lobby on hand with schemes of various descriptions and the attention of some of the members is diverted from subjects of public interest and importance to propositions forced on them by the importunity of those who are seeking their own objects. At every session time is thus squandered which never can be recalled In the last days a few general measures must have attention since means must be provided for carrying on the government while other measures which are highly essential are lost in the jumble of business Among these are reforms in the laws which years and years of experience have proven extremely necessary but we never get them because so much time is consumed over petty schemes of a partisan or private nature Yet the present legislature is far less open to criticism on these matters than any other similar body has been for many years It wasted much less time than usual over the election of senator and has shown exceptional diligence in attending to the regular order of business The people should be thankful too, that it has the honesty to press investigations of the conduct of former officials even though such investigations fall far short of the thoroughness desired The action of the legislature in his behalf shows that partisanship is much less a controlling force than it was formerly, and this also should be a subject of popular congratulation

SAVE AND HAVE

From this text the New York *World* delivers a discourse which is full of the soundest philosophy and advice anent questions now under discussion throughout the country and because the *World* is a leading Democratic paper its discourse is the more valuable, since an extremely limited number of the journals of that party have the courage or disposition to deliver sound opinions on finance labor and similar subjects in these days when blatant demagogy seeks the ear of the voter and is more willing to confound and mislead the ignorant and discontented than to tell truths which it is essential all should know It is a truism indeed to say that it is not so much what a man earns as what he saves that secures his prosperity and yet it s a fact or principle which must not only be acknowledged but acted upon in daily life Many complain that the incomes they are able to earn are insufficient for the support of their families But, as the *World* suggestively says, the majority of these people lose sight of two evident and important truths —first, that the cost of living has been greatly reduced of late, second that they might live both cheaper and better than they do if they would set their wits at work in the line of managing and saving It asks them these questions Did they save money when they were receiving high wages in flush times? If not, how were they better off then than now? Did they not rather develop habits of extravagance and debt? Are they not afflicted now by the expensive ways of the rag money era more than by the narrowness of their incomes? Should a man who used to be paid $4 a day complain that he can now earn but $2 when he can get if he will, more for his $2 than he could then get for his $4? The truth is, and the remark cannot be too much emphasized that we are a nation of wasters There are countries as has been often said, which would be well fed on what we throw away What an example France sets to the world Although so often desolated and decimated she is in a sounder condition now than the nation which extorted from her the five milliards A knock down blow from which France rises with greater energy than ever would destroy England. Impoverishment for France results in developing her productive capacity In France, as a rule, everybody works Everybody also saves, and that is a fact of yet greater importance The French working man lives within his income and his wife and children help him to do so He also lives well and enjoys himself The great difficulty with our people is that increase of income only furnishes excuse for increased expense, and that the increase of expense is apt to exceed the increase of income An eminent clergyman once said that he had found it easier to live upon a small salary than a large one because his enlarged expenses had thrown him off his balance The clerk who accommodates himself to $1 000 a year and makes it supply all his needs is likely to overlive his income when he s promoted to $1 200 Our resources as a nation are seemingly incalculable but we should rely more upon our men than upon our material Personal thrift is necessary to national prosperity, and there is no abiding thrift which is not based upon frugality A man may work and work, but have nothing Such a man may be loud in declaring that the laborer is worthy of his hire, and that he does not get enough for his work when the real trouble is that he does not know how to use what he gets. It is a good thing to be able to earn much in place of little but it is a far more valuable art to make the little go far In plain truths like these common as they are,—and they are all the more valuable for being common and therefore unquestionably sound —rather than in political agitation under the lead of demagogues lies each individual s only hope of an improved condition with content and [illegible]

NEW PILOT LAW

In a letter to the members of the legislative assembly published in THE OREGONIAN of the 7th the secretary of the board of trade of this city gave a series of reasons why the bill to regulate pilotage and towage on the Columbia and Willamette rivers should be passed It should be unnecessary to recapitulate these reasons at this time and we refer to them only for the purpose of calling attention of members anew to their ample and conclusive statements The bill should become a law It is necessary in order to relieve the commerce of the state from the monopoly of the existing pilot and towage system The house passed it almost without dissent Shall we hear of like action on the part of the senate? The time is growing short and if the bill has not yet been reached we hope it will be done under suspension of the rules It is a measure in which shippers not only but every producer in the state has an interest If a former legislature has created a monopoly that fact affords no reason why the present one should continue it

Perhaps there is no person who would be content with the *Standard* alone and read no other journal but if there were such person he would not learn from that paper that a legislative committee had made a report on frauds in the state printing in which a certain "expert" is charged with great dereliction The *Standard* doesn t think the report of sufficient interest to entitle it to a place in its columns but gives instead a feeble letter from Senator Haley of Linn in which the senator makes excuses for his absence from the committee It strikes the common observer that since the report itself is denied a place in the *Standard*, the publication of the Haley letter is entirely unnecessary But the omission of the report is of no consequence If printed in that paper it would be seen by nobody who has not seen it already

For printing the amended school laws the state printer charged the state $1 6_ 2 Examination by the legislative committee shows that the sum which should have been paid was $201 02 This is even a better profit than that made by Tweed s plumber on the New York city hall Several other items in the printing show frauds equally gross For instance the charge for printing the rules and standing committees of the senate should have been $38 52 but Gen Brown got $237 40 out of it These are some of the items which Mr Noltner certified

It will be interesting now to note how Mc Comas and Old Shep will make even on Tony They will make it a point of conscience to air this "expert" business well All their store of wrathful superfluity will be poured out now

The legislature will probably adjourn on Friday night It is understood that at a caucus held by a majority of the members of both Houses the hour of ten (Friday night) was fixed for the final adjournment

CALIFORNIA SILK

Manufacturing Company,

ROBERT R YATES, Agent,

583 Market st, cor Second, San Francisco.

MESSRS WM MACDONALD & CO HAVING retired from the Sales Agency of this Company the business will hereafter be conducted in the name of the CALIFORNIA SILK MANUFACTURING COMPANY on the same premises as above named Mr ROBERT R YATES late with Messrs Murphy Grant & Co will act as Agent

New Machinery has been added to our factory and our stock on sale has been and will be very much enlarged

Our standard Goods are now ranked fully equal to the best goods made in the United States and are far superior to the average imported We also make the cheaper grades to meet the demand for such goods

Having a Factory at South San Francisco always at work, and unlimited facilities we are able to keep our stock in store always fully assorted and can furnish any silk required at short notice from stock or made to order This gives us great advantage over importers in supplying customers with any desired color or kind of Silk in the line of **Machine Twist, Embroidery, Fringe, Tram and Sewing Silks** Dealers buying of us need to carry but small stocks thus saving interest and shop wear on goods

We absolutely Guarantee our Standard Goods to be equal to the best and most celebrated silks made and the general favor with which they are now regarded by consumers and dealers selling as we do to nearly the entire trade proves our assertion to be true and should any goods be found not as guaranteed we will willingly take them back

Attention is drawn to the fact that besides our regular standard goods we have made to meet a demand for cheap grades a second quality which is sometimes mistaken for the former We shall in future use different brands for the lower qualities though some time may elapse before a complete substitution of names can be made Lists of our products with prices can be obtained by mail

Our manufacturing business has been built up with much labor and sacrifice during the last seven years and after overcoming great vicissitudes has achieved complete success as a California Industry

Employing as we do nearly One Hundred American and European Women and Girls,

STILL WE LEAD!

Our Price List for the ensuing season will be ready for distribution in a few days. We ask those who are fortunate enough to get one not to neglect perusing it as there is something for every one whereby he can be pecuniarily benefited

The following is a list and prices of some Dry Goods we purchased very cheap for cash while last in San Francisco and offer to the public at the following prices

100 pieces Spragut Prints 22 yards for One
20 " Cohasset Bleached Sheeting 8 4 20c per
20 " " 9 4 22c per
20 " " 10-4 25c per
20 " unbleached " 8 4 18c per
20 " " 9 4 21c per
50 " bleached and unbleached Canton Flannel 8c per
100 " Linen Crash 8c per

This is no catch or bait but actual and legitimate prices to correspond with all of goods in other lines, as you can perceive by comparing with our last Price List

We desire our patrons to be on their guard as it has been the custom of unprincipled dealers to wait until we have completed and published our PRICE LIST to copy the same and put in lower prices not with the intention of selling as low as we do for that is impossible (i e the same quality of goods) The object of such parties is to catch as many customers as possible and cheat them right and left. It is easy enough to print a price list and fill in any prices but it is quite another thing to fill orders and sell the same according to the way they are really represented in the price list

Our business is conducted on principles entirely different from any other house north of San Francisco We do not claim to sell Goods

Below Cost or at Half Price, nor at C

But what we do is this We buy our Goods from first hands in San Francisco and the East, in large quantities, and add a small per centage on them then mark the goods with the selling price, from which we never deviate, not even five cents on a sale of one hundred dollars And thus

THE POOREST JUDGE OF GOODS,

receives as much for his money as the closest and sharpest buyer doing any higgling, bargaining, or beating down

A CHILD CAN BUY AT OUR STORE

at just the SAME PRICE that an old experienced shopper can Hence we are justified in saying that OUR STORE is the safest, whether a person is judge or not. We ask our readers whether they are safe in buying from storekeepers who charge one man $25 for a suit of clothes and sell the same to another person for $12?

The advantage we claim over our would be competitors is, that in a great [illegible] in one or two years is so great they can t see for their own good

CITY.

GROSS IGNORANCE.—*The Advocate* tells the following: Father Wilbur, who has just returned from testifying before the committee of Indian affairs at St. Louis has gained some notoriety. This is the way the St. Louis *Daily Times* reports him: The testimony of Rev Jas Wilbur, a Catholic priest in charge of the Esquimaux in Washington territory, was very interesting. He says Father Wilbur went out from New York in 1860 and that last year the government issued only sugar to this reservation. A sweet set of Esquimaux it seems to be. The reporter better never come into Washington territory or he might find some of these Esquimaux ready to carry out the [illegible] to his sorrow. "I was a stranger and ye took me in." How Father Wilbur ever be induced to let out these pro[illegible] secrets is a mystery to us. Certainly nothing but the Inquisition could ever extort such a confession, but we have always [illegible] these Washington investigations [illegible] to it, and he is doubtless excusable.

FRIENDS IN FOREIGN LANDS.—Our readers recall the very pleasant and popular series of literary and musical entertainments [illegible] "Evenings in Foreign Lands," given [illegible] at the Congregational church. A [illegible] will be inaugurated to-morrow [illegible]. Africa will be the country visited [illegible] to some fine music by a quartette composed of Mrs Cruzan, soprano, Miss [illegible], James Steel, tenor, Mr Struble [illegible], and Mr Wallace, organist, the following literary exercises will be given: 1. The [illegible], Climate and Nations, a map [illegible] by H H Northup. 2. The Land, the [illegible] and the People, by Rev H M [illegible], a reading by Charles Marvin. 3. [illegible] Explorers, a paper by Mrs Cruzan. [illegible] The Religions and Missions in Africa, an [illegible] by Rev J A Cruzan. The exercises [illegible] held in the church vestry and will [illegible] promptly at a quarter to eight. No admission fee. A cordial invitation is extended [illegible].

BEING MACADAMIZED.—North Front street [illegible] being improved in a most substantial [illegible] by macadamizing, from Ash to I [illegible] days ago the work was commenced [illegible] being pushed forward very expeditiously. Rock has been piled along the street for a distance of nearly two blocks and a [illegible] of white men are engaged in pounding [illegible] stone to the fineness required by ordinance. As rapidly as necessary the old decayed Nicholson blocks will be torn up and [illegible] by more enduring material. Mr [illegible] O'Neil is contractor for the improvement of this street, and he is causing the [illegible] to be done in a most substantial and [illegible] manner. When the work is [illegible] Front street, for the distance named, [illegible] one of the best thoroughfares in the [illegible].

AN ARTIST RETURNED.—Mr Edward Hill, [illegible] some time ago, brought to this city for [illegible] a collection of pictures painted by his father, the celebrated Thomas Hill, has returned to [illegible] to reside. Mr Hill is himself an [illegible] and on the day of his arrival secured [illegible] for a sketch to cost $150. He is [illegible] a large sketch of Mt Shasta which [illegible] placed on exhibition here. Mr H [illegible] to take sketches of Mount Hood [illegible] the weather will permit.

[illegible] BUILDING.—Mrs S Sherlock who [illegible] the ground at the northeast corner of [illegible] and Pine streets, now occupied by a tumbledown Chinese rookery, proposes to [illegible] a brick business house 100 feet deep [illegible] feet frontage on Front street, and two [illegible] high. A contract has been made for [illegible] foundation work and the old house is [illegible] torn away.

[illegible].—About one o'clock this morning a [illegible] on Second street, opposite Mult[illegible] engine house was discovered to [illegible]. The alarm was struck from box [illegible] engines were soon on hand and [illegible] speedily subdued. The house was a [illegible] occupied by Minnie Walton.

[illegible] BENEFIT.—As will be seen by [illegible] the advertisement, Mrs D F [illegible] most deserving lady, will be the re[illegible] benefit at Turn Halle on Friday [illegible] Oct 18. A splendid programme [illegible] on this occasion and a crowded [illegible] be expected.

BOX NINE.—Recently Chief Engineer [illegible] had all the boxes connected with [illegible] fire alarm system overhauled [illegible] 12 o'clock an alarm will be turned [illegible] No 9 instead of the usual three [illegible] announcement is made so that no [illegible] need be felt.

RELIGIOUS NOTES.

[From the Advocate.]

[illegible] Brewer of Salem, will hold a two days [illegible] of the brethren (or German Baptist) at the [illegible] school house in this county commencing [illegible] evening, October 26th, to continue over [illegible] Sabbath.

[illegible] programme at the State Fair for religious [illegible] has been carried out quite successfully. [illegible] from Dr. Atkinson that very profitable [illegible] meetings were held Saturday and [illegible] to quite large audiences considering the [illegible] and that the speakers all did noble ser[illegible].

[illegible] street will adopt the New Hymnal immediately to the exclusion of all other song books in [illegible] Sabbath congregations. It is expected [illegible] each pew holder will provide the necessary [illegible] for his pew, and the society will provide the necessary for others. Their first intro[illegible] will be next Sabbath. Arrangement has [illegible] made for the permanent organization and [illegible] of the choir, and we expect good [illegible].

COMMON COUNCIL

[REGULAR MEETING [illegible]]

Last evening a regular meeting of the common council was held at the chamber at [illegible] o'clock.

His Honor Mayor Newbury in the chair, L L Durham auditor and clerk and Capt Sloan in attendance.

Members present: Andrus, Lambert, Opitz, Payne, Simon, Stephens and Weber.

Absent: Stolte and Yocum.

Minutes of last meeting read and approved.

COMMUNICATIONS

The following communication was received from Mayor Newbury:

PORTLAND Oct 1 1878.

To the Honorable the Common Council of the City of Portland: GENTLEMEN—I herewith return to you without my approval an ordinance entitled "An ordinance making an appropriation out of the general fund." My objections to the ordinance are that the relief sought to be granted is not warranted by any fact stated in the petition upon which this ordinance was based. The petition simply states that he is a liquor dealer and that his place of business was destroyed by fire on the 9th of September and that he had taken out a license for the quarter ending 30th September and that by reason of the burning of his said place of business he was deprived of the use of said license for the full time for which it was granted and asks the city to refund him the sum of $11 11. There is no pretext of poverty, neither is there any claim in equity. It would be setting a bad precedent and opening the doors of the treasury to innumerable claims of a similar nature should this claim be paid. Every express driver having the misfortune to lose his horse or to break his wagon or in any manner to be deprived of the full enjoyment of his license for the term for which it was granted might with equal propriety ask the city to refund a portion of said license.

Finally the city is not an insurance company against accidents and when it issues a license does not undertake to return any part of the same should the business be discontinued for any such cause.

Respectfully, W S NEWBURY, Mayor

A vote was taken resulting in the veto being sustained.

The following communication was read and placed on file:

PORTLAND Oct 1 1878.

To the Honorable the Common Council of the City of Portland: GENTLEMEN—As announced to you at your last meeting I have received the resignation of Councilman Lambert as a member and as chairman of the committee on streets and public property and I have accepted the same and I hereby appoint Councilman Weber to fill the vacancy caused by such resignation. Respectfully,

W S NEWBURY, Mayor

PETITIONS

From John Harlow and others asking to have North East Park street improved from G street to a point 60 feet south of that street; referred to the committee on streets.

From S Sherlock and others asking to have a fire cistern with a capacity of 50,000 gallons, at the intersection of Washington and Second streets; referred to the committee on fire and water.

From John Gibson and others who reside in the Third ward. The petition stated that several milk ranches were kept in that ward that they were regarded as a public nuisance and asked the council to cause the same to be removed. Referred to the committee on streets.

REPORTS

Several elaborate reports were received and read from the special committee (consisting of Messrs Simon, Opitz and Lambert) appointed by the council to examine the books and papers of the chief of police. There was a majority report signed by Messrs Simon and Opitz, a minority report signed by Lambert, a report from Mr Durham the auditor (prepared by request of the committee) and an opinion by the city attorney in relation to the whole matter. These reports are too voluminous for publication. After some discussion the majority report was adopted.

A report was read from the police judge which was adopted.

CLAIMS

The following claims against the city were read and ordered paid:

Post & Co $98 45, J M Harkerow $33 50, W S Chapman & Co, $28 55, Dilg Bros $3 90, Johnston & Holden $16 43, O S S Co, $6 85, J M Caywood $36, J B Reynolds $20, J Simon & Co $[illegible], H W Cushing, $20, A Schmidt $11 [illegible], Willamette Iron Works $40 80, *Standard* $4, M Tierney $300 0[illegible]

ORDINANCES

From the committee on fire and water providing for the construction of a fire cistern with a capacity of 50,000 gallons at the intersection of Second and Washington streets. Read twice and laid over.

The following ordinances were reported from the committee on streets and public property:

Declaring the probable cost of laying a sewer along Alder street; read twice and laid over.

Making an appropriation out of the Alder street fund; read twice and laid over.

Declaring the probable cost of improving Sheridan street from South First to South Fourth; read twice and laid over.

Making an appropriation for the improvement of Sheridan street; read twice and laid over.

Providing for the time and manner of improving E street from North Fourth to Eleventh; read twice and laid over.

Declaring the probable cost of improving North Nineteenth street from B to L; read three times and passed.

Making an appropriation for the improvement of North Nineteenth street; read three times and passed.

Providing for the time and manner of improving North Fifth street from G to F; read twice and passed.

Authorizing the contract for improving Park blocks 18, 19 and 20; read three times and passed.

Making an appropriation for relief of A Hamilton; read three times and passed.

Relating to the improvement of First street from Alder to Main; read twice and laid over.

Making an appropriation out of the fund for the improvement of First street; read twice and laid over.

ENGROSSED ORDINANCES

Authorizing a contract for constructing a cistern; passed.

Making an appropriation out of the police fund; passed.

RESOLUTIONS

The following resolutions were read and adopted:

Resolved, That notice be given that the common council of the city of Portland propose to improve Front and North Front streets from the north line of Ash street to the south line of F street by laying stone crosswalks, according to plan in auditor's office.

Resolved, That C W Burrage, P W Gillette and R Mendenhall be and are hereby appointed as viewers to determine and assess the probable cost of the sewer in C street, also the extension of the Stark street sewer, to meet at the office of the auditor and clerk of the city of Portland on Saturday Oct 26 1878 at 10 o'clock A M.

Resolved, That notice be given that the common council of the city of Portland propose to improve East Park street from the center line of Taylor street to the center line of Salmon street by laying sidewalks and crosswalks and by doing the necessary grading.

Resolved, That notice be given that the common council of the city of Portland propose to improve First and South First streets from the south line of Harrison street to the center line of Meade street (except that portion occupied by the First street bridge) by grading, laying sidewalks and crosswalks where necessary, and by macadamizing the roadway full width according to section 13 of ordinance No 1,97[illegible].

Resolved, That C W Burrage, E Norris and P W Gillette be and are hereby appointed viewers of the proposed lateral extension of North Second street from the north line of A street to its intersection with North Front street, to meet at the office of the auditor and clerk of the city of Portland on Saturday October 26 1878 at 10 o'clock A M, for the purpose of making such view and an assessment of damages and benefits.

Resolved, That the auditor and clerk be and is hereby instructed to give notice of the appointment of said viewers and of the time and place of meeting in the manner provided by law.

On motion the council adjourned.

The only cloak house in the city is Harris' Emporium of Fashion.

Fabre has resumed business opposite the Bank of British Columbia. Call on him.

Fishel & Roberts have now the fullest line of cloths and ready made suits ever offered in Portland.

Buchtel & Stolte make as fine work in the photograph line as any gallery in the United States, and the best in Oregon.

When you want an excellent photograph, and do not care to pay extortionate prices, go to Frank C Abell, who does work well and at a reasonable figure. His productions show that he is popular.

Dr Manasse, the most skillful Optician and Oculist, who comes to us highly indorsed by our best citizens of Oregon, will suit the most difficult sights on the mere inspection of the eyes, with his improved Parabola Spectacles. Beware of peddlers during our state fair, selling common specs, and claiming connection with Dr. Manasse. He can only be seen at the Chemeketa Hotel during the fair.

BOARD OF TRADE

The Board of Trade met at its rooms last night, Mr Corbett president and Mr Reed secretary being present.

The minutes of the last meeting were read and approved.

COMMUNICATION

The following letter was read and the president and secretary were instructed to appoint the delegate invited:

UNITED STATES BOARD OF TRADE, [illegible] Sept 6th 1878.

To the [illegible]: [illegible]—I am directed to inform you that the adjourned meeting to be held on Wednesday the [illegible] November next very important subjects of a national character will be discussed and your presence is specially [illegible]ed.

Copies of programme in order [illegible] will be forwarded to you by book post.

Your [illegible] is invited to send your delegate to the meeting. Respectfully yours,

G W CLARKE, Secretary

Two communications from Hon D [illegible] Thompson reporting progress of the pilot bill now before the legislature were read.

RESOLUTIONS

Mr James Laidlaw introduced the following resolution which was passed by unanimous vote:

WHEREAS, The pilotage bill No [illegible] has passed the house of representatives by a majority of 45 to [illegible] votes, and is now in the senate;

Resolved, That as only two days now remain for legislation the president be instructed to write to and urge upon the president of the senate and the various senators the immediate passage of the bill referred to under a suspension of the rules.

The following resolution was introduced by Mr W W Francis, manager of the Bank of British Columbia, who stated that he took great pleasure in doing so and that he was certain that it would have the hearty approval of every member of the board. It was seconded by Gen J W Sprague and passed by unanimous vote:

WHEREAS, This board learns with regret that Col Wilson U S engineer at this port has through sickness in his family been at his own request ordered to Washington; and

WHEREAS, the engineer bureau of the department of war at Washington, the Pacific coast board of engineers and Col Wilson have all exercised indefatigable energy and intelligence in promoting the building of the locks at the Cascades, and in the improvements of the Upper Columbia river and have thus materially advanced the prospects for the development of the resources of our state and specially Eastern Oregon and Washington territory, in which the board takes a deep interest; therefore

Resolved, That we tender the thanks of this board to General Humphreys, chief of engineers at Washington, to the Board of Engineers for the Pacific coast and to Col Wilson for the various plans which were adopted for the improvement of the Columbia and Willamette rivers, locks at Cascades and for the improvements actually made to same since his arrival here.

Resolved, That this board recognize in Col Wilson the integrity, energy and capacity for any position that he may be called upon to fill and that he will be assigned to duties suited to his eminent ability, feeling confident that whatever they may be they will be thoroughly performed.

The secretary is instructed to forward copies of these resolutions to each of the officers above named under the seal of the board.

Mr Joseph Buchtman offered the following resolution which was unanimously adopted:

WHEREAS, A bill known as House Bill No 1[illegible] now pending before the legislature of this state which requires foreign corporations before doing business in the state to deposit with the state treasurer $[illegible],000 in the bonds of narrow gauge railroad within the state and does not allow such corporations to make said deposit in any other class of securities so long as there shall be bonds of such narrow gauge railroads for sale; and

WHEREAS, Such a law, besides unjustly discriminating against such corporations would, if complied with, substitute a security of doubtful and uncertain value for one of certain and staple value as under the present law required, to-wit: bonds of the United States or state of Oregon; and

WHEREAS, The insurance companies doing business in this state have formally resolved to withdraw their agencies from the state if said bill should become a law; and

WHEREAS, Such withdrawal would seriously damage the commercial interests of the state; therefore be it

Resolved, That this board deprecate any change of the present law relating to deposits by foreign corporations and respectfully petitions the legislature of the state of Oregon not to pass any law having that object in view, it being the opinion of this board that no reputable company will be willing to accept such conditions.

Resolved, That the secretary is hereby directed to forward a copy of this resolution to each house of the legislature under the seal of the board.

On motion 150 copies of the resolution were ordered printed and circulated among the members of the legislature.

On motion the board adjourned.

BUSINESS NOTICES

MRS F A LOGAN, whose healing powers have been blessed with unparalleled success (during her tour as a lecturer through several states and territories in the Union for the past twelve years) has yielded to the solicitations of friends to open an office under the town clock, in Odd Fellows building, for a season, for the benefit of the afflicted of what ever malady.

TESTIMONIAL.

I had what my physician called slow typhoid fever; was suffering intensely when Mrs Logan gave me treatment. In one hour's time placed me on my feet, sat up three hours and the next day nearly made a call to dress and [illegible] (two weeks) have washed [illegible] pieces besides doing my own housework. I could but cry for joy, as my little ones needed a mother's care.

I consider Mrs Logan a healer of superior power and merit. MRS JENNIE WADSWORTH.

ABALONE SHELLS.—About eighteen months ago Mr R W Jackson introduced for the first time in Portland a great variety of Abalone Shells, which were made up in various forms. They attracted great attention and large lots were sold. Mr J returned recently and has just completed the arrangement of his stock of beautiful shells in the pavilion in the State Fair. The exhibit comprises many unique designs including clocks, glove boxes, sets, looking glasses, charms, etc. They are really brilliant. The shells come from the southern coast of California and exist in large quantities. Mr Jackson gives a personal explanation of his goods, their origin, etc.

REDUCTION OF PRICES.—From and after this we shall reduce the prices of our first quality crockery and glassware, plated ware and all goods in our line, at wholesale and retail. Parties about commencing housekeeping or wishing to replenish goods in that line will call and examine our stock and prices.

W JACKSON & CO,

BRIEF NOTES

No more [illegible] water this year.

[illegible] the Exhibition next week.

Only three more days of the Fair.

Tiger's new machine is on the way.

The *[illegible]* will be due here to-morrow.

The legislature will probably adjourn this week.

Steamer [illegible] will sail [illegible] to-morrow morning.

Look out for THE WEEKLY OREGONIAN. It will be a [illegible].

Mrs Scott Siddons will probably return to Portland next Monday.

Unfortunately the state Fair this year came [illegible] recorded as a financial success.

Threatening weather again. The weather clerk changes his mind too frequently.

It is said that a new brick building is to be put up on the site formerly occupied by Oro Fino Hall.

Carpenters have commenced to put up timbers which are to support the roof of the new Catholic church.

J F Barken and wife of Albany, Oregon, passed through Omaha bound east on the 11th of October.

Some writer has said that "consistency is a jewel." If you go to a pawnshop and try to get common [illegible] you are very likely to fail.

The ship *[illegible]* has completed her cargo of grain for Europe and gone down the river. She will proceed to sea as soon as possible.

Victor Ellinger, son of C B Bellinger, Esq, of East Portland, who accidentally shot himself in the head some time ago, has almost entirely recovered.

The public in general and the postoffice clerks in particular will be glad when the mails from the south arrive here at 4 o'clock. It is mighty inconvenient.

Bishop Morris is now on a tour in the eastern part of the state and Washington territory. On Sunday last he preached in Trinity Church at Walla Walla.

F M Warren, Jr, for some years teller in Ladd & Tilton's bank, is building a handsome residence next door to his father's, on the west side of West Park street between Taylor and Salmon streets.

Telegraphic orders were received from Washington to-day approving the award of the contract for the Cascade canal to Messrs Ball & Platt. Mr Ball is on the *City of Chester* and will arrive here on Friday probably.

The steamer *A A McCully* is receiving freight for Corvallis and intermediate points; will leave Everding & Farrell's dock on Saturday the 19th of October at 5 A M.

DR MINTIE'S NEPHRETICUM

Works wonders. In all cases of Dropsy, Bright's Disease, Kidney, Bladder and Urinary Complaints, or Retention of Urine, are cured by the Nephreticum. Female Weakness, Gravel, Diabetes, pain in the back, side and loins are cured when all other medicines have failed.

For all derangements of the Liver use Dr Mintie's English Dandelion Pills.

For Biliousness and Dyspepsia use Dr Mintie's English Dandelion Pills.

For Fever and Ague use Dr Mintie's English Dandelion Pills.

Every family should not fail to keep the Dandelion Pills on hand.

Dr Mintie's remedies will not "Cure all Complaints" but will give immediate relief and perfect a cure in all cases if taken according to direction, which they are recommended for.

DR A L MINTIE & CO—Gents: I volunteer to say your English Dandelion Pills equal and even surpass all you claim. From my experience in their use. Fancy they have no equal for Dyspepsia and Liver troubles. J A STROWBRIDGE, First street Leather Merchant. Portland, Sept 17 1878.

DR A L MINTIE & CO—Gents: I have used your famed English Dandelion Pills for torpid liver and dyspepsia and can freely say they are the best Pills I ever had. I can recommend them as a sure preventive and positive cure in all cases of fever and ague. Yours truly, A M PATTERSON, Contractor. Portland, Oct [illegible] 1878.

THE LATE E A CRONIN

Action of the Portland Bar—Resolutions Read and Spread on Court Journal—Eulogies on the Life and Character of Deceased

COURT HOUSE, PORTLAND, Oct 14 1878.

Pursuant to call the members of the Portland Bar met at the court house.

Hon E D Shattuck of the supreme court of this state called the meeting to order and stated that this Bar had been convened for the purpose of taking appropriate action on the death of one of its honored members, the late Eugene A Cronin.

On motion of Mr C A Dolph, Geo H Durham was appointed secretary of the meeting.

Mr H T Bingham moved that a committee of four be appointed by the chair to draft resolutions expressing the sense of the Bar in reference to the death of Mr Cronin.

The motion was adopted, and the chair appointed as such committee H T Bingham, W H Effinger, H H Northrup and J W Whalley.

After a short recess Mr Effinger on behalf of the committee presented the following resolutions which on motion of Mr Stott were adopted:

In the Circuit Court of the State of Oregon for Multnomah county.

WHEREAS, Eugene A Cronin was on the 1[illegible] day of October 1878 called to his final account, now therefore we, his brethren in the profession in which he formed desiring in some degree to express the affection we bore him and our respect for his memory, would

Resolve, That in the death of Eugene A Cronin the Bar of Portland has lost one of its bright ornaments—a man who in his professional character and conduct merited and received the confidence and respect of all who knew him and that we deeply deplore that one so gifted and so worthy of the highest honor in his profession should have been stricken down ere he had reached the meridian of his usefulness.

Resolved, That we tender to the absent relatives of our deceased friend our sympathy in this their affliction.

On motion of Mr Whalley Mr Effinger was requested to present these resolutions in open court on Wednesday morning next.

On motion of Mr Whalley it was resolved that a [illegible] of [illegible] A Cronin [illegible] and that these resolutions be communicated to the Circuit Court now in session.

On motion of Mr Northrup, Messrs Whalley and Effinger were appointed a committee on behalf of the bar to act with a committee of the Masonic Order in making arrangements for the funeral.

The committee of arrangements designated the following members of the bar to serve as pall bearers: Hon Richard Williams, Joseph Simon, George H Durham, Raleigh Stott, H H Northrup, Fred R Strong, Sidney Dell and E C Bronaugh.

On motion of Mr Stoddard it was resolved that the proceedings of this meeting be published in the daily papers of this city and that a copy be sent to the relations of the deceased.

On the convening of State Circuit Court Wednesday afternoon the journal the following entry was made:

Now at this time comes W H Effinger, Esq, on behalf of the bar of this city and announces that at a meeting of said bar that resolutions on the death of E A Cronin were adopted and that he was requested by the bar to present the said resolutions to the court, whereupon on motion of W H Effinger it is ordered by the court that the resolutions be spread on the record of this court.

Short and eloquent eulogies were pronounced on the life and character of the deceased by W H Effinger, W [illegible], H H [illegible], C A Dolph, J W Whalley and David Goodsell.

Those who patronize A Fournier at the Market say he sets the best meals.

REMOVAL.—Edwards & Birmingham have removed their stock of furniture to the spacious warerooms over their former place of business in Centennial block, and are opening out a splendid assortment of furniture which they offer at very low prices. Call and be convinced.

An Undeniable Truth.

You deserve to suffer, and if you lead a miserable, unsatisfactory life in this beautiful world it is entirely your own fault, and there is only one excuse for you—your unreasonable prejudice and skepticism, which has killed thousands. Personal knowledge and common sense reasoning will soon show you that Green's August Flower will cure you of Liver Complaint or Dyspepsia, with all its miserable effects such as sick headache, palpitation of the heart, sour stomach, habitual costiveness, dizziness of head, nervous prostration, low spirits, etc. Its sales now reach every town on the Western Continent, and not a Druggist but will tell you of its wonderful cures. You can buy a sample bottle for ten cents. Three doses will relieve you.

The Earl of Life has insured policies on his life amounting to $500,000 Will some of our English readers tell us a little reliable data about Lady Life. Of course she isn't young, but is she good and admirable?—*Post Lost*

The rapacity, the shameless cupidity of some people is disgusting. Here is a man in Helena Montana worth $230,000 who recently died and left every dollar of this wealth to his wife and children And so it always is in this town too.—*Burlington Hawkeye*

"Isn't yours a perilous life" asked a lady of a railroad conductor "Yes" he said, as he gently but persistently charged ten cents extra for not having purchased a ticket previous to entering the car, "yes it is perilous but you see none but the brave deserve the fare

A young lady hesitating for a word in describing the character of a rejected suitor, said "He is not a tyrant, not exactly domineering but—" "Dogmatic," suggested her friend "No, he has not dignity enough for that, I think pupmatic would convey my meaning admirably"

An eight hour man, on going home for his supper, found his wife sitting in her best clothes on the door step reading a volume of travels "How is this?" he exclaimed, "where is my supper?" "I don't know," replied the wife, "I began to get your breakfast at 6 o'clock this morning and my eight hours ended at 2 p. m."

A gray hair was espied among the raven locks of a charming young lady "Oh pray pull it out," she continued "If I pull it out ten more will come to the funeral" replied the one who made the unwelcome discovery "Pluck it out nevertheless" said the dark haired damsel "it's no consequence how many come to the funeral provided they all come in black."

"Yes," the Indian commissioner said, in a low tone of regret, "yes, I believe it is true that the Cheyenne Indians were compelled to leave their reservation because they were being starved to death, but then you see if the Indians had a good common school education and could sing Moody and Sankey's revival ballads they wouldn't care so much about something to eat It would elevate and refine their—but I think I heard the dinner bell, will you go down?"—*Burlington Hawkeye*

At a recent trial of a liquor case the witness on the stand was under examination as to what he had seen in the defendants domicile which he said he had visited "a number of times" "Did you ever see any spirits there or anything you regarded as spirits?" asked the presiding justice "Why, yes—I don't know but I have" was the witness "Do you know what kind of spirits?" "Yes" "How do you know?" "I kinder smelt it" "Well, now," said the judge, straightening himself for the convicting answer which he supposed would be given, "will you tell me what kind of spirits it was?" "Spirits of turpentine"

We selected from each of the exhibits viz Averill Chemical Paint Imperishable Paint and Pacific Rubber Paint a can of their paints and had same applied by a painter under our personal supervision upon measuring the surface covered we find that the

Pacific Rubber Paint covered		21 276 sq in
Averill Chemical	"	17 834 sq in
Imperishable	"	11 445 sq in

An equal quantity of each paint having been used the above result shows that the Pacific Rubber Paint covered nearly 30% **more surface** than the Averill Chemical Paint, and nearly 50% **more surface** than the Imperishable Paint.

In view of the foregoing facts and considering the **ease of application** of the Pacific Rubber Paint and its **superior covering qualities** we find it justly entitled to the award of the First Premium

FASHIONABLE FRAUDS

How Many New York Patrons of Worth Get Their Dresses Made

New York Letter to Philadelphia Times

That is where the beautiful Mrs B gets her elegant costumes I said while we passed a well marked to a friend as we passed a well known establishment on University Place "There?" exclaimed she "Why she told us all that all her dresses and everything she wears comes direct from Paris! That certainly was a Paris dress she got this spring—I mean the pale green silk covered with lace loops, pink hyacinth sprays with jewels and seashell ornaments to match the set. She said her husband paid $100 to have the jewels and costumes imported."

"Well dear" I answered soothingly "I happen to know from whence came every piece composing the costume and not one was imported. The silk itself was of American manufacture the lace was made in a New York establishment, the exquisite flowers were created to order in Union Square and even the jewelry which you admired, and perhaps she herself fancied genuine expensive was created in this one city. You thought it a real conch shell, but dear, the beautiful set—chain, locket, bracelet and earrings in floral pendant—were of the finest most perfect imitation of real conch shell now affected by ladies of fashion who can wear the delicate pink tint to advantage. But Mrs. Blank always appears well dressed, even if she does wear shams, yes, but her few shams are such that experts can detect them. Her diamonds are of the purest water, her laces real, her silks are superb even if manufactured here, her gold is real and it is only the few fancy articles of evening wear that she buys in imitation, and these are always the perfection of art. The secret of her elegance is—she knows how to dress appropriately. She wears a plain black silk dress to a funeral, a handsome silk to dinner and a lace robe to an evening entertainment, while for street her costumes are neat simple and becoming. Being always appropriately arrayed she feels thoroughly comfortable, and every lady understands the feeling of self possession and inward content that the fact of being suitably attired gives."

After the peace of 1815, the Duke of Wellington took into his London house several of the veterans of his Peninsular army whose habits, being more in accordance with the battle fields of Spain than the saloons of Apsley House, were a source of unfailing amusement to the general's fashionable visitors. One old fellow with one eye who had fought conspicuously at Orthes and Toulouse was installed in the gardening department, the Duke answering all doubts of his fitness by saying decisively "Well, he has trenches in every vineyard of the south of France. I should hope he ought to know something of gardening after that." Another veteran, who had been wounded at Waterloo, was under discussion one evening at dinner, between the Duke and Lord Anglesea, when the subject of the discourse entered with the last step of the parade ground, carrying a large pie. "Now," said Anglesea, "let's try if the old boy remembers his drill," and turning suddenly around shouted sharply "Attention!" The old soldier instinctively dropped his hands, and with them the pie likewise, which exploded like a bombshell over the rich carpet in a shower of streaming gravy. The visitor's look of dismay at this disaster drew a smile from the Iron Duke himself, but the jester hastened to console his victim with the assurance that no soldier could be blamed for remembering his drill.

ACKERMAN'S IS THE PLACE TO BUY CLOTHING.

The Daily Oregonian.

THURSDAY MORNING, OCT. 17, 1878.

LETTER FROM THE CAPITAL.

THE STATE PRINTING INVESTIGATION—HONOR TO WHOM HONOR IS DUE—GENERAL APPROPRIATIONS—SWAMP LANDS AGAIN—THE CAPITOL BUILDING—SEPARATE SUPREME COURT.

SALEM, October 15, 1878.

TO THE EDITOR OF THE OREGONIAN:

The sensation of yesterday was the report of the committee to investigate accounts of the state printer, which you already have, and which is drawn up so clearly and comprehensively that it summarizes in very brief form the evidence that occupies 80 pages of legal cap.

WHERE PRAISE IS DUE.

The joint committee on printing accounts consisted of Messrs. Galloway of Yamhill, and Stratton of Lane, in the house, and Judge Haley of Linn, in the senate, who is quite old and feeble, besides being engaged in senate committees that greatly occupied his time, so that after organization was effected he informed the committee that he would not be able to take any part in their investigation and therefore could not sign their report when made, but that he would not make any minority report. Judge Haley's appointment was not a fortunate selection, as he is a relative of A. L. Stinson, foreman of the late state printer, who has lately been, and, in fact, is now engaged in doing the work that finishes Gen. Brown's official term, which is the publication of reports, etc., that were in readiness before the legislature met. It is only reasonable to believe that Stinson would be an unwilling witness and any relative of his would hardly be eager on the hunt of frauds committed in that department, though very likely President Whiteaker knew nothing of the family connection.

It thus devolved upon Galloway and Stratton to push the investigations. The former was the chairman of the important ways and means committee, that had the state finances in charge, and also was on the committee to investigate the conduct of state lands, and was employed every spare hour in the swamp land investigation. So the burden of the printing investigation devolved on Hon. Horace F. Stratton, of Eugene, a Republican, who confesses that he felt some doubt as to whether his efforts would be appreciated and endorsed by the committee. These doubts were dissipated as he came to fully understand his co-committeeman, Hon. Wm. Galloway, who, he soon discovered, was "true as steel" and could not be moved from his course by any partisan pressure; though such pressure was undoubtedly brought to bear upon him. The greatest praise is due Galloway for thorough honesty in his investigations, which, of course, have not afforded much enjoyment to so earnest a Democrat. He, however, could not have prosecuted the work, as he was already overburdened, and the investigation was mainly made by Mr. Stratton, who is a thorough business man, and was well seconded by his clerk, Mr. D'Arcy, also a printing expert. Stratton worked all the time for two weeks, making a perfect comparison of the work done with the law under which it was done, reaching his conclusions by computations that are irrefutable. He was seconded, of course, by Mr. Galloway, and I am informed that to complete the work, the labors of the committee sometimes extended almost through the night.

A COMPARATIVE VIEW.

There has not in a dozen years been any investigation of such matters conducted with the energy and precision that characterizes several committees of the present legislature. Generally a committee was appointed to whitewash an officer, and has always done it very successfully. This time there was good material to push the work, with sharp and experienced business men to conduct the investigation. Such men as D. P. Thompson, Horace Stratton and John S. White have business training that fits them for the work and makes it dangerous for peculation or irregularities to be practiced. It is safe to say that if the two committees now at work on state lands and printing had been in existence and at work in legislatures for ten years past they would have exposed practices that have thriven and increased until they bring disgrace upon the state. The state printing frauds have been gradually growing since 1866, and have at last become enormous.

NO PLACE TO FILIBUSTER.

When the house was in possession of the report and evidence, a motion was made to order the same printed, and while pending a gentleman on the floor inquired if all the committee participated in the investigation, which drew out the fact that Judge Haley was unable to act, and left the work to the members of the house. [Here let me say that I meant no reflection on Judge Haley in the former paragraph, when referring to his family relations—only to show that the appointment must have proved unpleasant to him.] This was made a pretense for referring the report and evidence to the joint standing committees on printing in the two houses, which caused a number of members, principally Democrats, to protest against smattering anything, and the house voted, almost unanimously—two nays—not to re-refer, and purged itself thoroughly of any intention to stifle investigation. The report and the evidence will be immediately printed.

GENERAL APPROPRIATIONS.

Mr. Galloway, chairman of ways and means committee, yesterday introduced the general appropration bill, (H. B. 183) which provides about $320,000 for the current expenses of the state government for the next two years. Gov. Chadwick, in his report, recommended an appropriation of $380,000, as required for that purpose, but the ways and means committee carefully reviewed the wants of the different departments and have concluded that $320,000 will answer the purpose. The expenses for the two years past, I understand to have been about what Gov. Chadwick asked for, so that if the bill passes without amendments there is a possibility that the state expenses will be materially reduced. This reminds me that it is a pity all the accounts for a dozen years, or more, past could not be investigated and all frauds prosecuted and the proceeds turned into the treasury, in which case a very light tax will answer. Probably the amount of illegal or unreasonable expenditures will reach $200,000.

SWAMP LANDS AGAIN.

This morning the general land bill was called up and occupied a considerable time in the house. The proposal to amend the compensation of commissioner by giving a salary instead of a royalty on all lands located and approved found favor. It was claimed that at three cents an acre the commissioner would draw $60,000 for locating two million acres. Quite an interest was taken in this question. Some members characterized the three cent feature as a "steal," while others argued that a salaried surveyor will not hurry work, nor will he get them approved—a very necessary part of the business. The idea of a "steal" predominated and the house concluded to pay the state agents a salary of $1,500 and take the chances that Gov. Thayer will never appoint a man who will not do his duty, or will remove him if he proves dilatory in his work.

The house acted with prudence, but it is to be questioned if the state would not be the gainer to have the lands located by the acre, as in that case they would also be approved, and the state know what it has to dispose of and how to dispose of it.

THE CAPITOL BUILDING.

The senate has amended the bill to carry forward the work on the state capitol, and the house has concurred in the amendment, which raises the appropriation to about $30,000, and it is estimated this sum will make the roof good, finish the cornice, put in the windows and some doors, and perhaps will finish up a few committee rooms; also it will cement the walls and preserve them from damage. This amount is needed to make the necessary improvements and preserve the building.

SEPARATE SUPREME COURT.

The house has this moment passed by a large vote the senate bill to create a separate supreme court. The bill provides the judges shall be appointed by the governor now and elected in 1880. It was lobbied for by B. F. Bonham, I am told, who has in the last twenty years been a chronic holder of small offices, and once sat on the bench, where he displayed no ability to either distinguish himself or illustrate the state. It is quite a sharp query with those who saw how earnest he was for the bill whether Gov. Thayer intends to appoint him. The fact that a man cannot make a living at the practice of law does not show his qualifications to be a judge.

OUR

OREGON

REMEDIES!

THE OREGON

Blood Purifier

LIVER and KIDNEY

REGULATOR!

A Purely Vegetable Family Medicine.

The OREGON BLOOD PURIFIER is not an ordinary mixture, but a purely vegetable and most scientific compound, prepared with the greatest of care. No Minerals, Alcohol or herbs of any poisonous or narcotic nature enter into its composition. Some of the choicest and most delightful Aromatics are properly combined with it, making it acceptable to the stomach, pleasant to the taste, and easily taken by the most fastidious person or peevish child. The Oregon Blood Purifier has no equal as a preventive of any disease that is caused by impurities of the blood.

This is the ONLY remedy that will effect a permanent cure of LIVER COMPLAINT and KIDNEY DISEASE, prevalent in this country.

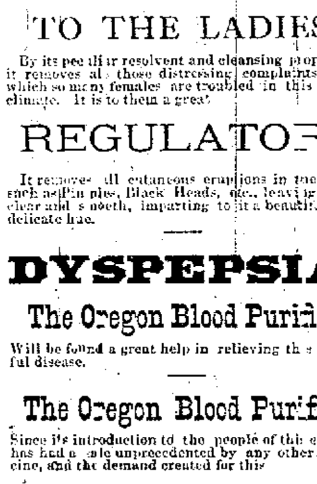
It Purifies the Blood!
It Regulates the System!
It Cures Dyspepsia!
It Gives New LIFE and VIGOR to the System!

THE OREGON

Blood Purifier

IS A HOME REMEDY.

Although hundreds of our citizens and their families are using it with the best results, we do not propose to drag their names into print and publish to the world their ills and complaints (as is done by many Eastern nostrums to make them sell), we prefer to let all judge for themselves.



IF YOU ARE TROUBLED WITH

COUGH OR CATARRH

Caused by irregularities of the stomach or bowels, you will find in this medicine a great help and relief.

Many say "my blood is not out of order, I was never diseased." It is not in every case the blood is diseased, particularly in this climate; the malarious atmosphere affects the liver, hence we recommend the use of this great Liver and Kidney Regulator.

We simply ask you to try a bottle of this Home Medicine; give it a good, fair square trial, and you will certainly be convinced that it is the best medicine for this particular climate ever placed before the people.

TO THE LADIES.

By its peculiar resolvent and cleansing properties it removes all those distressing complaints with which so many females are troubled in this damp climate. It is to them a great

REGULATOR!

It removes all cutaneous eruptions in the skin, such as Pimples, Black Heads, etc., leaving it fair clear and smooth, imparting to it a beautiful and delicate hue.

DYSPEPSIA.

The Oregon Blood Purifier

Will be found a great help in relieving this dreadful disease.

The Oregon Blood Purifier

Since its introduction to the people of this country, has had a sale unprecedented by any other medicine, and the demand created for this

Oregon Vegetable Remedy

has far exceeded our most sanguine expectations.

Price $1 per Bottle, or 6 Bottles for $5.

Sold in every city, town and village in Oregon.

Our well known and really good preparation widely known as the

Willamette Fever & Ague Mixture,

since its introduction has cured many cases of

FEVER AND AGUE

when all other remedies have failed. In fact it is the ONLY remedy for malarious diseases so prevalent in this damp climate.

The WILLAMETTE FEVER & AGUE MIXTURE is an excellent TONIC, and a few doses taken occasionally will "build up the system" and prevent all KINDS OF FEVERS. If you are a sufferer from FEVER and AGUE, do not fail to try this now Oregon Vegetable Remedy, (no quinine used in its preparation.)

Price $1 per bottle. For sale everywhere.

A kind invitation is extended to ALL to visit our exhibition in the PAVILION at the STATE FAIR, and see for yourself what the wilds of Oregon can produce.

THURSDAY MORNING OCT 17 1878

LETTER FROM THE CAPITAL

THE STATE PRINTING INVESTIGATION—HONOR TO WHOM HONOR IS DUE—GENERAL APPROPRIATIONS—SWAMP LAND AGAIN—THE CAPITOL BUILDING—SEPARATE SUPREME COURT.

SALEM October 15 1878

To THE EDITOR OF THE OREGONIAN

The sensation of yesterday was the report of the committee to investigate accounts of the state printer which you already have and which is drawn up so clearly and comprehensively that it summarizes in very brief form the evidence that occupies 80 pages of legal cap

WHICH PRAISE IS DUE

The joint committee on printing accounts consisted of Messrs Galloway of Yamhill and Stratton of Lane in the house and Judge Haley of Linn in the senate who is quite old and feeble besides being engaged in senate committees that greatly occupied his time, so that after organization was effected he informed the committee that he would not be able to take any part in their investigation and therefore could not sign their report when made but that he would not make any minority report Judge Haley's appointment was not a fortunate selection as he is a relative of A I Stinson, foreman of the late state printer who has lately been and in fact is now engaged in doing the work that finishes Gen Brown's official term which is the publication of reports etc that were in readiness before the legislature met It is only reasonable to believe that Stinson would be an unwilling witness and any relative of his would hardly be eager on the hunt of frauds committed in that department though very likely President Whiteaker knew nothing of the family connection.

It thus devolved upon Galloway and Stratton to push the investigations The former was the chairman of the important ways and means committee that had the state finances in charge and also was on the committee to investigate the conduct of state lands and was employed every spare hour in the swamp land investigation So the burden of the printing investigation devolved on Hon Horace F Stratton of Eugene a Republican who confesses that he felt some doubt as to whether his efforts would be appreciated and endorsed by the committee These doubts were dissipated as he came to fully understand his co-committeeman Hon. Wm Galloway who, he soon discovered, was "true as steel" and could not be moved from his course by any partisan pressure though such pressure was undoubtedly brought to bear upon him The greatest praise is due Galloway for thorough honesty in his investigations which, of course, have not afforded much enjoyment to so earnest a Democrat He however, could not have prosecuted the work, as he was already overburdened, and the investigation was mainly made by Mr Stratton, who is a thorough business man, and was well seconded by his clerk Mr D Arcy, also a printing expert Stratton worked all the time for two weeks making a perfect comparison of the work done with the law under which it was done, reaching his conclusions by computations that are irrefutable He was seconded, of course by Mr. Galloway, and I am informed that to complete the work the labors of the committee sometimes extended almost through the night.

A COMPARATIVE VIEW

There has not in a dozen years been any investigation of such matters conducted with the energy and precision that characterizes several committees of the present legislature Generally a committee was appointed to whitewash an officer, and has always done it very successfully This time there was good material to push the work, with sharp and experienced business men to conduct the investigation. Such men as D P Thompson, Horace Stratton and John S White have business training that fits them for the work and makes it dangerous for peculation or irregularities to be practiced It is safe to say that if the two committees now at work on state lands and printing had been in existence and at work in legislatures for ten years past they would have exposed practices that have thriven and increased until they bring disgrace upon the state. The state printing frauds have been gradually growing since 1866, and have at last become enormous.

NO PLACE TO FILIBUSTER.

When the house was in possession of the report and evidence, a motion was made to order the same printed, and while pending a gentleman on the floor inquired if all the committee participated in the investigation, which drew out the fact that Judge Haley was unable to act, and left the work to the members of the house [Here let me say that I meant no reflection on Judge Haley in the former paragraph when referring to his family relations—only to show that the appointment must have proved unpleasant to him] This was made a pretense for referring the report and evidence to the joint standing committees on printing in the two houses which caused a number of members, principally Democrats to protest against smattering anything, and the house voted, almost unanimously—two nays—not to re refer, and purged itself thoroughly of any intention to stifle investigation The report and the evidence will be immediately printed

GENERAL APPROPRIATIONS

Mr Galloway, chairman of ways and means committee, yesterday introduced the general appropriation bill (H B 183) which provides about $320 000 for the current expenses of the state government for the next two years Gov. Chadwick, in his report recommended an appropriation of $380 000 as required for that purpose, but the ways and means committee carefully reviewed the wants of the different departments and have concluded that $320 000 will answer the purpose The expenses for the two years past, I understand to have been about what Gov Chadwick asked for, so that if the bill passes without amendments there is a possibility that the state expenses will be materially reduced This reminds me that it is a pity all the accounts for a dozen years, or more past could not be investigated and all frauds prosecuted and the proceeds turned into the treasury in which case a very light tax will answer Probably the amount of illegal or unreasonable expenditures will reach $200,000.

SWAMP LANDS AGAIN

This morning the general land bill was called up and occupied a considerable time in the house The proposal to amend the compensation of commissioner by giving a salary instead of a royalty on all lands located and approved found favor. It was claimed that at three cents an acre the commissioner would draw $60 000 for locating two million acres Quite an interest was taken in this question. Some members characterized the three cent feature as a "steal" while others argued that a salaried surveyor will not hurry work, nor will he get them approved—a very necessary part of the business. The idea of a "steal" predominated and the house concluded to pay the state agents a salary of $1,500 and take the chances that Gov. Thayer will never appoint a man who will not do his duty, or will remove him if he proves dilatory in his work.

The house acted with prudence, but it is to be questioned if the state would not be the gainer to have the lands located by the acre, as in that case they would also be approved and the state know what it has to dispose of and how to dispose of it

THE CAPITOL BUILDING

The senate has amended the bill to carry forward the work on the state capitol and the house has concurred in the amendment which raises the appropriation to about $30,000 and it is estimated this sum will make the roof good finish the cornice put in the windows and some doors, and perhaps will finish up a few committee rooms also it will cement the walls and preserve them from damage This amount is needed to make the necessary improvements and preserve the building

SEPARATE SUPREME COURT

The house has this moment passed by a large vote the senate bill to create a separate supreme court The bill provides the judges shall be appointed by the governor now and elected in 1880 It was lobbied for by L F Borham I am told, who has in the past twenty years been a chronic holder of small offices and once sat on the bench where he displayed no ability to either distinguish himself or illustrate the law It is quite a sharp query with those who know how earnest he was for the bill whether Gov Thayer intends to appoint him The fact that a man cannot make a living at the practice of law does not show his qualifications to be a judge
